1. Call to Order and Chair’s Remarks
The Florida International University Board of Trustees’ Finance and Facilities Committee meeting was called to order by Board Chair and Finance and Facilities Committee member Dean C. Colson at 9:21 a.m. on Wednesday, June 16, 2021, at the FIU, Modesto A. Maidique Campus, Graham Center Ballrooms and via Zoom.

General Counsel Carlos B. Castillo conducted roll call of the Finance and Facilities Committee members and verified a quorum. Present were Trustees Roger Tovar, Committee Vice Chair and Board Vice Chair (via Zoom); Cesar L. Alvarez (via Zoom); Dean C. Colson, Board Chair; Natasha Lowell (via Zoom); Joerg Reinhold; and Marc D. Sarnoff.

Trustees Donna J. Hrinak, Gene Prescott, and Alexander Rubido and University President Mark B. Rosenberg also were in attendance.

2. Approval of Minutes
Board Chair Colson asked that the Committee approve the minutes of the meeting held on April 21, 2021. A motion was made and unanimously passed to approve the minutes of the Finance and Facilities Committee meeting held on April 21, 2021.

3. Action Items
FF1. Proposed 2021-22 University and DSO Operating Budgets
Senior Vice President and Chief Financial Officer Kenneth A. Jessell presented, for Committee review, the University and Direct Support Organizations (DSOs) Operating Budgets, totaling $1,723.2M. He explained that increases over the prior year in terms of student financial aid and contracts and grants totaled approximately $111M, primarily the result of Coronavirus Aid, Relief, and Economic Security (CARES) Act/Higher Education Emergency Relief Fund (HEERF) funding. He added that all other budgetary components remained relatively flat when compared to the final 2020-21 budget. He commented on legislative highlights, primarily that there was no budget reduction, salaries for faculty in non-strategic areas were capped at $200,000, three new tuition and fee waivers were implemented, the Bright Futures $300 semester book allowance was eliminated, and increases in employer paid retirement contributions were not funded.
Sr. VP and CFO Jessell indicated that Educational and General (E&G) funds are comprised of state appropriations and tuition and fees and that projected E&G expenditures totaled $538.3M for the University and $51.4M for the Herbert Wertheim College of Medicine (HWCOM). He presented an overview of University and HWCOM E&G State appropriations, noting, that while the legislature did not increase performance-based funds for the State University System (SUS), the University is slated to receive a net increase of $600,000 over the prior year, pending Board of Governors (BOG) approval, as a result of its ranking among the SUS in terms of performance-based funding. Sr. VP and CFO Jessell mentioned that the proposed operating budget does not include increases in tuition or related fees. He delineated a historical overview of State appropriations and tuition in terms of Full-time Equivalent (FTE) student adjusted by the Consumer Price Index, highlighting that although current funding per FTE is lower than it was in 2007-08, student enrollment and graduation rates have increased as a result of the dedicated efforts of FIU faculty, staff and students.

Sr. VP and CFO Jessell remarked that the University’s E&G and HWCOM’s carryforward balances, less the 7% statutory requirement and the continuation of projects previously approved by the Board of Trustees is estimated at $27M and $9M, respectively. He added that the proposed carryforward expenditure plans for the University and HWCOM will be presented for Board of Trustees approval at the next regularly scheduled meeting. Sr. VP and CFO Jessell provided a detailed summary of key aspects of each budgetary component. He pointed out that the projected expenditure increase of $68M in student financial aid is primarily due to the third allocation of HEERF II and that more students are eligible for Bright Futures awards. He commented on the legislative changes impacting Bright Futures eligibility requirements, adding that approximately 42,500 students will receive financial aid, including 11,800 Pell recipients.

Sr. VP and CFO Jessell reported that the increase in Auxiliary expenditures is primarily the result of growth in academic auxiliary programs, and he mentioned that sponsored research grants revenue is slightly lower than the prior year as the Office of Research and Economic Development projects less state and private funded sponsored research. He commented on Intercollegiate Athletics, noting that the increase of $2.6M in expenditures is primarily due to additional scholarships for the basketball team and debt service interest payments. He described University support of Athletics, specifically $2M for out-of-state waivers, $800,000 in financial aid, and $500,000 for Title IX programs, stating that excess of expenditures over revenue will be covered with available fund balances. Sr. VP and CFO Jessell highlighted the Activity and Service Fee, Technology Fee, Board Approved Fees, and Concessions. In response to Trustee Marc D. Sarnoff, Sr. VP and CFO Jessell explained that the Technology Fee is not subsidized and that while timing issues may delay expenditures, all related revenues will be expended. Board Vice Chair and Committee Vice Chair Roger Tovar recommended that, moving forward, the fund balances be included as part of the University budget presentations.

In terms of the requirements delineated under Florida Statutes Section 1004.28 and FIU Regulation 1502 pertaining to resources and space utilized by the University’s DSOs, Sr. VP and CFO Jessell indicated that approximately 137.7 FTE of personal services and approximately 15,151 square feet of space, valued at $414K, are utilized. Also relating to the DSOs, he added that projected expenditures are estimated at $15.6M, of which $6.3M will be reimbursed by the DSOs. He pointed
out that the University will provide $1.5M in personnel and other expense support to the capital campaign in fiscal year 2021-22, noting that this represented a reduction of $3M from the prior year.

A motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend that the Florida International University Board of Trustees (the BOT) approve the FIU 2021-22 University and Direct Support Organizations Operating Budgets and authorize the University President to amend the budgets consistent with Legislative, Board of Governors and BOT directives and guidelines.

In response to Trustee Natasha Lowell, Sr. VP and CFO Jessell confirmed that the E&G expenditure plan for carryforward funds will be presented to the Board of Trustees for approval at its September meeting and if approved, then to the Board of Governors.

**FF2. Proposed 2021-22 Fixed Capital Outlay Budget/Capital Improvement**

Sr. VP and CFO Jessell presented the proposed 2021-22 Fixed Capital Outlay Budget/Capital Improvement request for Committee review. He indicated that FIU’s request for 2021-22 Public Education Capital Outlay Projects (PECO)/Capital Improvement projects totaled $7,150,00 for the remodeling and renovation of the College of Arts, Sciences and Education building. He remarked that Capital Improvement Trust Fund (CITF) projects are paid for with the fees that students pay as part of their tuition and that said fees are designed to go to capital projects that support students. He highlighted the four CITF projects that are part of the 2021-22 request, specifically the East Loop realignment, Panther Promenade, Graham University Center expansion, and recreation fields support building.

A motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend to the Florida International University Board of Trustees (the BOT) approval of Florida International University’s 2021-22 Fixed Capital Outlay Budget and authorize the University President to amend the budget as necessary, consistent with Legislative, Florida Board of Governors’ and BOT directives and guidelines.

**FF3. Request for Approval of Florida International University’s 2022-23 Fixed Capital Outlay Legislative Budget Request Consisting of the five-year Capital Improvement Plan**

Sr. VP and CFO Jessell presented FIU’s 2022-23 Fixed Capital Outlay (FCO) Legislative Budget Request consisting of the five-year Capital Improvement Plan for Committee review. He explained that the BOG’s process has changed, noting that universities now can only request funding for projects that have already been approved as part of the Educational Plant Survey. He stated that the BOG will only consider for funding the top two priorities for each university, adding that FIU’s priorities are Engineering Building Phase II and the Honors College. Sr. VP and CFO Jessell mentioned that FIU is presenting a total of five projects to the Board of Trustees, highlighting the remaining three projects included in the approved Educational Plant Survey, specifically the Graham University Center expansion/renovation, wellness and recreation field support building, and the wellness and recreation facilities improvements. He pointed out that the Student Government Association had approved the proposed FCO Legislative Budget Request.
A motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend to the Florida International University Board of Trustees (the BOT) approval of FIU’s 2022-23 Fixed Capital Outlay Legislative Budget Request, consisting of the five-year Capital Improvement Plan and authorize the University President to amend the Legislative Budget Request as necessary, consistent with Florida Board of Governors and BOT directives and guidelines.

**FF4. Engineering Building Phase I—Amendment to Prior Budget Approval**

Sr. VP and CFO Jessell presented the amendment to the prior budget approval for phase I of the Engineering Building for Committee review. He explained that phase I of the Engineering Building will be located on the northeast corner of the Modesto A. Maidique Campus and is currently in design, adding that the architect is Perkins + Will and DPR Construction is the construction manager. He commented that the total project cost of $53.9M is comprised of $38.9M in state appropriations and $15M in University sponsored research and philanthropy funds. Sr. VP and CFO Jessell explained that the building, as currently designed, will contain 87,795 gross square feet on five floors and approximately 63 percent of the building will be shell space.

Sr. VP and CFO Jessell remarked that, in order to achieve FIU’s planned research expenditures through 2024-25, additional research space is needed, noting that the University would like to add a sixth floor while the project is still in the design phase. He mentioned that the additional floor will provide approximately 21,080 gross square feet of shell space that will be built-out over time with sponsored research overhead funds, adding that when construction is completed, the building will contain 108,875 gross square feet. Sr. VP and CFO Jessell indicated that to accommodate the additional research space, $9.5M in unrestricted treasury auxiliary balances will be added to the Engineering Building Phase I budget for design and construction, taking the approved budget from $53.9M to $63.4M. He commented that the Educational Plant Survey that was approved by the Board of Trustees (on April 21, 2021), will be amended to reflect the additional space for Engineering Building Phase I, which will be considered for BOG approval (on June 23, 2021). Sr. VP and CFO Jessell pointed out that if the amendment is approved by the BOT, it will be presented to the BOG for approval (as part of the Fixed Capital Budget approval process).

In response to Board Chair Colson, Sr. VP and CFO Jessell indicated that the $9.5M additional request would reduce the total balance of the University’s unrestricted treasury auxiliaries from $85M to approximately $75M.

A motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend to the Florida International University Board of Trustees (the BOT) approval of the request to expand the size and budget of the Engineering Building Phase I from the currently approved budget of $53.9 million to $63.4 million to accommodate shell space for sponsored research; and recommend to the BOT approval of adjustments to the Educational Plant Survey that were approved by the BOT on April 21, 2021.

**FF5. Amendment to Signature Authority - Authorization to Sign Checks for the University**

Sr. VP and CFO Jessell presented Amendment to Signature Authority, Authorization to Sign Checks for the University, for Committee review. He indicated that the amendment removes Ms. Katharine A.
Brophy, FIU’s current Associate Vice President and University Controller, as a legally authorized signer of checks and adds Ms. Alexandra Mirabal, Interim University Controller and Associate Vice President.

A motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend that the Florida International University Board of Trustees amend the Signature Authority-Authorization to sign checks to pay the legal obligations of the University from any and all designated University depositories to reflect the following changes:

- Remove: Katharine A. Brophy, Associate Vice President and University Controller
- Approve: Alexandra Mirabal, Interim University Controller

Sr. VP and CFO Jessell introduced Ms. Mirabal.

**FF6. Approval of Contract #PUR-04000 for Grounds Maintenance, Vendor: Aramark Management Services Limited Partnership**

Sr. VP and CFO Jessell presented the approval of contract #PUR-04000 for grounds maintenance with vendor Aramark Management Services Limited Partnership for Committee review. He remarked that FIU Procurement Services initiated an Invitation to Negotiation for grounds maintenance and that the (annual) cost differential between the Aramark contract and the company ranked second was nearly $400,000.

Pursuant to the Delegations of Authority from the Florida International University Board of Trustees to the University President, as reflected in the Resolution on the President’s Powers and Duties approved by the Board of Trustees on March 4, 2019, a motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee recommend that the Florida International University Board of Trustees (i) approve the University entering into the contract as listed and described in the Board materials, and (ii) authorize the University President or his designee to execute, on behalf of the University, the aforementioned contract and all of the documents, and take all actions, that may be necessary to effectuate the transactions contemplated in the contract.

**FF7. Approval of Contracts:**

1. #PUR-02645, Vendor: Computer Discount Warehouse (CDW-G)
2. #PUR-03076, Vendor: Honorlock

Sr. VP and CFO Jessell presented the approval of the contracts with vendors Computer Discount Warehouse (CDW-G), Honorlock, and Oracle America, Inc. for Committee review and approval. He commented that FIU is issuing a PO to CDW-G for Cisco Systems SMARTnet extended service agreement that covers maintenance and support of FIU’s network equipment, the piggyback agreement with Honorlock is for University-wide proctoring services, and Oracle America is providing FIU’s technical support services.

Pursuant to the Delegations of Authority from the Florida International University Board of Trustees to the University President, as reflected in the Resolution on the President’s Powers and Duties approved by the Board of Trustees on March 4, 2019, a motion was made and unanimously passed...

**FF8. Approval of the exercise of the five-year renewal option for the FIU Downtown on Brickell leased premises to be evidenced by an amendment to the existing lease agreement; and delegate to the University President the authority to negotiate and execute a Fourth Amendment to the lease agreement on behalf of the University**

Sr. VP and CFO Jessell presented the five-year renewal option for the FIU Downtown on Brickell leased premises for Committee review and approval. He indicated that as part of the renewal process, the College of Business wishes to reduce the size of the leased premises by approximately 15,709 square feet, from 60,373 to 44,664. He pointed out that the annual base rent payment will decrease from $2.36M to $1.75M.

Pursuant to the Delegations of Authority from the Florida International University Board of Trustees to the University President, as reflected in the Resolution on the President’s Powers and Duties approved by the Board of Trustees on March 4, 2019, a motion was made and unanimously passed that the FIU Board of Trustees Finance and Facilities Committee approve (1) the renewal of that certain Office Lease, dated January 12, 2011, as amended, between the Florida International University Board of Trustees and TWJ 1101, LLC, for space occupied by FIU’s College of Business at 1101 Brickell Avenue, Miami, Florida; (2) simultaneous with the renewal, a reduction in the square footage of the leased premises by approximately 15,709 square feet to a new total square footage of 44,664 square feet; and (3) the delegation of authority to the University President, or designee, to negotiate and execute a Fourth Amendment on behalf of the University and all other documents that may be necessary to effectuate the transactions described above.

Subject: Approval of Educational and General Carryforward Spending Plan, Fixed Capital Outlay Budget, and Related Certification

Proposed Committee Action:
Recommend to The Florida International University Board of Trustees (the BOT) approval of the Florida International University (FIU) Educational and General (E&G) expenditure plan for carryforward funds in accordance with State University System of Florida Board of Governors (BOG) Regulation 9.007 State University Operating Budgets and Florida Statute 1011.45 End of Year Balance of Funds; approval of the FIU Fixed Capital Outlay Budget in accordance with BOG Regulation 14.003 Fixed Capital Outlay Budgets – University Budgeting Procedures; and authorize the University Chief Financial Officer to certify the unexpended amount of funds appropriated to the University from the General Revenue Fund, the Educational Enhancement Trust Fund, and the Education/General Student and Other Fees Trust Fund as of June 30, 2021 and the Fixed Capital Outlay budget; and authorize the University President to amend the BOT carryforward expenditure plan and fixed capital outlay budget as necessary and report to the BOT and the BOG any amendments to the spending plans in a format prescribed by the BOG Office of University Budgets.

Background Information:

Carryforward Spending Plan

Beginning in 1985, State University System (SUS) institutions received statutory authority to carry forward unexpended E&G funds in the current year operating budget and include these funds in the operating budget the following year. Carryforward fund balances are used for activities such as, but not limited to, student success, potential budget reductions, anticipated increases in university operations and prior-year encumbrances. During the 2019 legislative session, Florida Statute 1011.45 was amended to provide greater specificity on allowable expenditures from E&G carryforward fund balances and BOG Regulation 9.007 has been amended to reflect these changes. Authorized expenditures in an E&G Carryforward Spending Plan may include:

- Maintenance of a minimum carryforward balance of 7 percent (previously 5 percent)
- BOT approval of an expenditure plan for carryforward balances in excess of the 7 percent minimum
- BOG review and approval of the BOT carryforward expenditure plan
- Authorized expenditures in the E&G carryforward expenditure plan may include:
  - Commitment of funds to a PECO project that has received a prior appropriation in order to complete the project
  - Completion of a renovation, repair, or maintenance project up to $5 million per project
  - Replacement of a minor facility not exceeding 10,000 square feet up to $2 million
The E&G expenditure plan shall include the estimated cost per planned expenditure and a timeline for completion of the expenditure. Additionally, F.S. 1011.45 now requires the chief financial officer of each university to certify annually, by September 30, the unexpended amount of funds appropriated to the university from the General Revenue Fund, the Educational Enhancement Trust Fund, and the Education/General Student and Other Fees Trust Fund as of June 30 of the previous year. F.S. 1011.45 also allows the university to spend the minimum carryforward balance of 7 percent if a demonstrated emergency exists and the plan is approved by the university’s board of trustees and the Board of Governors. In accordance with F.S. 1011.45 and BOG Regulation 9.007, any amendments to the approved E&G carryforward spending plan during the fiscal year shall be reported to the Board of Governors in a format prescribed by the Board’s Office of University Budgets.

The E&G carryforward fund balance as of July 1, 2021, net of accounts receivables, accounts payables, and deferred student tuition and fees, totals $99,474,922 for the University and $20,127,574 for the Herbert Wertheim College of Medicine (HWCOM). After the 7 percent statutory reserve of $39,403,482 for the University and $3,622,783 for HWCOM, and $2,773,650 of encumbrances for the University, the carryforward spending plans total $57,297,790 for the University and $16,504,791 for HWCOM.

Fixed Capital Outlay Projects

The 2021-22 Fixed Capital Outlay Budget includes both new projects as well as projects previously approved and authorized by the BOT and BOG where expenditures will take place in 2021-22.

For the Engineering Building Phase 1 project, currently in design, $12 million in additional project budget is requested to address estimated construction cost increases based upon preliminary design. The architect for the project is Perkins + Will and the construction manager is DPR. The requested budget will help address market increases in construction costs due to increases in both labor and materials and an increase in gross square feet from 108,875 to 120,700. The authority to commit the additional budget is conditional upon the identification of funding and BOT approval of the final project budget.

In accordance with BOG instructions, FIU’s FCO Outlay Budget identifies the following items for each fixed capital project:

(a) The university’s plan for utilizing the resources available through direct or continuing appropriations by the Legislature, allocation amendments, or from local sources including student tuition and fees. The provisions of
the General Appropriations Act and the State University System Allocation Summary and Workpapers publication will be taken into consideration in the development and preparation of the E&G data.

(5) Any earnings (interest, investment, or other) resulting from the investment of current-year E&G appropriations are considered to be of the same nature as the original appropriations, and are subject to the same expenditure regulations as the original appropriations. E&G earnings are not to be utilized for non-E&G related activities or for fixed capital outlay activities except as provided by law. Earnings resulting from invested E&G carryforward funds are considered to be additions to the university’s E&G carryforward balance and shall be expended in accordance with section (3)(a) of this regulation.

Anticipated earnings for the estimated year from invested E&G funds should not be included when building the detailed operating budget schedules. Estimated-year E&G earnings and planned expenditures of these funds should only be reported on the manually-prepared E&G Schedule I and Summary Schedule I reports.

(6) Any unexpended E&G appropriation carried forward to the fund balance in a new fiscal year shall be utilized in support of nonrecurring E&G activities only unless otherwise provided by law.

(7) E&G non-recurring is defined as an expenditure that is not expected to be needed or available after a point in time. Non-recurring expenditures have distinct elements:

(a) Time limited in nature, where an end date to a given contract or activity is known,

(b) There is no promise or guarantee of future funding,

(c) May cross multiple years, but the above two provisions apply,

(d) May address financial challenges resulting from external factors (examples could include, but are not limited to, federal government shutdown, drop in state revenue resulting in a mid-year reduction)
(8) Any amendments to the approved E&G Carryforward Spending Plan during the fiscal year shall be reported to the Board of Governors for a time period and in a format as prescribed by the Chancellor.

(9) Each university board of trustees may submit to the Chancellor’s Office annually a Legislative Budget Request for operations. Such requests shall be made in accordance with the fiscal policy guidelines, formats, instructions, and schedule provided by the Chancellor.

Authority: Section 7(d), Art. IX, Fla. Const., History: New 12-6-07, Amended 11-21-13, 9-22-16, 10-30-19, 9-16-20
14.003 Fixed Capital Outlay Projects – University Budgeting Procedures

(1) Each university will prepare an annual Fixed Capital Outlay (FCO) Budget for all Fixed Capital Outlay (FCO) Projects in accordance with the instructions, guidelines, and standard formats provided by the Chancellor for those FCO Projects as defined in Board Regulation 14.001. The FCO Budget must be approved by both the university board of trustees and the Board of Governors. Such approval remains in effect for the life of the FCO Projects. The annual FCO Budget must include all FCO Projects, including previously approved projects which have not yet been completed.

(2) FCO Projects shall be listed by category or categories in the University FCO Budget as follows:

**FCO Budget Categories**

a. Education & General (E&G) Operating Projects – This category is consolidated, and includes all FCO Projects 1) funded from current year E&G operating funds; and 2) which meet the university's criteria for capitalization. No individual project in this category shall exceed $1,000,000. Allowable uses include only those Plant Operations and Maintenance (“PO&M”) projects which meet the definition of a Capital Asset as found in Board Regulation 9.001, and may only include 1) maintenance, repair, renovation, remodeling, and demolition of existing educational facilities and existing general site improvements; and 2) new campus infrastructure needed to maintain or improve campus code compliance, related to identified ADA, environmental health and safety, security or sanitation concerns.

This category must be budgeted as a single identical line in both the operating and FCO budget for purposes of Board of Governors approval. Boards of Trustees may adopt policies requiring more detailed line item budgeting at the local level, including a requirement that plant operations and maintenance be specified to distinguish between PO&M expenses and PO&M Capital Assets.

b. Minor Carryforward (CF) Projects – This category is consolidated and includes all FCO Projects with a cost less than $2 million funded from E&G CF funds. No individual FCO project in this category shall exceed $2,000,000. Allowable uses include maintenance, repair, renovation, remodeling, and demolition of existing educational facilities and existing general site improvements (E&G campus real property improvements), as well as replacement of facilities less than 10,000 gross square feet. This category must be budgeted as a single identical line in both the carry forward and FCO Budget.

c. Major Carryforward (CF) Projects are FCO Projects funded in whole or in part from CF funds, where the total individual FCO Project cost exceeds $2 million. Allowable uses include the following:

i. Completion of a Public Education Capital Outlay (PECO) project that has received a state appropriation and is included on the Board’s incomplete project list.

ii. A renovation, repair, or maintenance project with a total cost between $2 million and $5 million.

iii. A remodeling or infrastructure project, including a developmental research school, with a total cost between $2 million and $10 million.
iv. Repair or replacement of facilities due to damage caused by a natural disaster.

d. State Appropriated Projects includes all FCO Projects using funds originally appropriated as FCO funds by the State of Florida, notwithstanding the criteria provided in Board Regulation 14.001. These funds should never be included in the university operating budget. Examples include PECO and Capital Improvement Trust Fund (CITF).

e. Non-Appropriated Projects includes all FCO Projects that have not directly or indirectly used funds appropriated by the State. Examples of such funding sources would include housing revenue bonds, parking revenue bonds, private donations, federal grants, insurance proceeds, and athletic revenues.

(3) For the purpose of this regulation, Fixed Capital Outlay (FCO) Projects do not apply to those projects acquired, constructed, and owned by a Direct Support Organization or under a Public Private Partnership; the requirements for those projects are addressed in either the Debt Management Guidelines or the Public Private Partnership Guidelines.

(4) The FCO Budget may be amended, subject to use of only the categories authorized in section (2), as follows:

a. E&G Operating Projects - must be approved by the board of trustees or designee.

b. Minor CF Projects – must be approved by the board of trustees or designee.

c. Major CF Projects – Individual new projects greater than $2 million and increases to individual existing projects greater than $2 million require Board of Governors approval.

d. State Appropriated Projects – Individual new projects greater than $5 million and increases to existing individual projects greater than $5 million require Board of Governors approval.

e. Non-Appropriated Projects – All new projects greater than $5 million and increases to existing projects greater than $5 million require Board of Governors approval.

(5) FCO Project spending will be reported annually at the end of the fiscal year at the project detail level, in the format specified by the Chancellor.

Subject: Approval of Contract #PUR-04378 for Arthur J. Gallagher Risk Management

Proposed Committee Action:
Pursuant to the Delegations of Authority from the Florida International University Board of Trustees to the University President, as reflected in the Resolution on the President’s Powers and Duties approved by the Board of Trustees on March 4, 2019, recommend that the Florida International University Board of Trustees (i) approve the University entering into the contract described below, and (ii) authorize the University President or his designee to execute, on behalf of the University, the aforementioned contract and all of the documents, and take all actions, that may be necessary to effectuate the transactions contemplated in the respective contracts.

Background Information

In 2014, FIU joined a consortium of other State University System (SUS) institutions, which includes University of South Florida, University of Central Florida, Florida Gulf Coast University, and University of North Florida, for an insurance broker, Gallagher Student Health & Special Risk (“Gallagher”), to provide student health insurance. This process requires that each university sign individual policyholder agreements with the selected insurance company. The consortium was put together then and now to enable the SUS to have greater buying power with a larger participant base to provide students health insurance. Each year Gallagher solicits plans from the current and other vendors that meet federal requirements and state coverage/limit requirements and serves as the intermediary in terms of plan selection, student enrollment in plan, plan administration, claim analysis and advises the consortium of changes in law that may impact student health insurance.

The contract with Arthur J. Gallagher Risk Management is being requested by the Office of Research and Economic Development to provide voluntary and hard waiver insurance coverage to FIU enrolled students, including international students, student athletes, graduate assistants, and students on FIU fellowships. The procurement method for this purchase is Exceptional Purchase per Florida Board of Governors Procurement Regulation 18.001(4)(c) – Purchase of Insurance

Scope of Responsibility:
Gallagher is responsible for the placement of the following lines of coverage: Student Health Insurance Plan

It is understood that any other type of exposure/coverage is either self-insured or placed by another brokerage firm other than Gallagher. If you need help in placing other lines of coverage or covering other types of exposures, please contact your Gallagher representative.

Limitation of Liability
Gallagher’s liability to Client arising from any acts or omissions of Gallagher shall not exceed $20 million in the aggregate. Gallagher shall only be liable for actual damages incurred by Client and shall not be liable for any indirect, consequential or punitive damages or attorneys’ fees. No claim or cause of action, regardless of form (tort, contract, statutory, or otherwise), arising out of, relating to or in any way connected with this Agreement or any Services provided hereunder may be brought by either party any later than two (2) years after the accrual of such claim or cause of action.

Billing & Payment Terms: Hard Waiver
Graduate Assistants/Fellows: Gallagher Student Health & Special Risk is required to submit premium in a timely basis to the insurance company. To that end, we must adhere to their standard policy which is for a deposit of 75% based on last year’s Term enrollment numbers to be paid within fifteen days from the beginning of the term. In addition, Gallagher Student Health & Special Risk requires that an audit file be submitted to reconcile the term’s enrollment no later than mid-November. Once the reconciliation process is complete, we will issue an invoice for the quarter or credit memorandum for each term of coverage. The same procedure will be followed for each term.

All Other Students: Eligible students may enroll in the Hard Waiver Health Insurance Plan in accordance with the plan brochure via www.gallagherstudent.com. Students who enroll in the Insurance Plan are responsible for the payment of costs associated with the plan.

Billing & Payment Terms: Voluntary
Eligible students may enroll in the Voluntary Health Insurance Plan in accordance with the plan brochure via www.gallagherstudent.com. Students who enroll in the Insurance Plan are responsible for the payment of costs associated with the plan.

A standard audit file will be submitted to reconcile each term’s enrollment.

I accept the proposal for the 2021-2022 Florida International University (Participant in the SUSF) Student Health Insurance Plan Consortium Program as outlined above.

GALLAGHER DISCLOSURES

IMPORTANT: The proposal and/or any executive summaries outline certain terms and conditions of the insurance proposed by the insurers, based on the information provided by your company. The insurance policies themselves must be read to fully understand the terms, coverages, exclusions, limitations and/or conditions of the actual policy contract of insurance. Policy forms will be made available upon request. We make no warranties with respect to policy limits or coverage considerations of the carrier.

If this proposal contains options to purchase TRIA/TRIPRA coverage, the proposed TRIA/TRIPRA program may not cover all terrorism losses. While the amendments to TRIA eliminated the distinction between foreign and domestic acts of terrorism, a number of lines of coverage excluded under the amendments passed in 2005 remain excluded including commercial automobile, burglary and theft insurance; surety insurance, farm owners multiple perils and professional liability (although directors and officers liability is specifically included). If such excluded coverages are required, we recommend that you consider purchasing a separate terrorism policy. Please note that a separate terrorism policy for these excluded coverages may be necessary to satisfy loan covenants or other contractual obligations. TRIPRA includes a $100 billion cap on insurers’ aggregate liability.

TRIPRA is set to expire on December 31, 2027. There is no certainty of extension, thus the coverage provided by your insurers may or may not extend beyond December 31, 2027. In the event you have loan covenants or other contractual obligations requiring that TRIA/TRIPRA be maintained throughout the duration of your policy period, we recommend that a separate “Stand Alone” terrorism policy be purchased to satisfy those obligations.

Compensation Disclosure

1. Gallagher Companies are primarily compensated from the usual and customary commissions, fees or, where permitted a combination of both, for brokerage and servicing of insurance policies, annuity contracts, guarantee contracts and surety bonds (collectively “insurance coverages”) handled for a client’s account, which may vary based on market conditions and the insurance product placed for the client.

2. In placing, renewing, consulting on or servicing your insurance coverages, Gallagher companies may participate in contingent and supplemental commission arrangements with intermediaries and insurance companies that provide for additional compensation if certain underwriting, profitability, volume or retention goals are achieved. Such goals are typically based on the total amount of certain insurance coverages placed by Gallagher with the insurance company, not on an individual policy basis. As a result, Gallagher may be considered to have an incentive to place your insurance coverages with a particular insurance company. If you do not wish to have your commercial insurance placement included in consideration for additional compensation, contact your producer or service team for an Opt-out form.

3. Gallagher Companies may receive investment income on fiduciary funds temporarily held by them, or from obtaining or generating premium finance quotes, unless prohibited by law.

4. Gallagher Companies may also access or have an ownership interest in other facilities, including wholesalers, reinsurance intermediaries, captive managers, underwriting managers and others that act as intermediaries for both Gallagher and other brokers in the insurance marketplace some of which may earn and retain custom brokerage commission and fees for their work.

If you have specific questions about any compensation received by Gallagher and its affiliates in relation to your insurance placements, please contact your Gallagher representative for more details.

In the event you wish to register a formal complaint regarding compensation Gallagher receives from insurers or third-parties, please contact Gallagher via e-mail at Compensation_Complaints@ajg.com or by regular mail at:

FIU may unilaterally cancel the Agreement for Vendor’s refusal to allow public access to public records related to the Agreement. Additionally, Vendor shall comply with all applicable requirements of the Public Records Laws, particularly if Vendor is a “Contractor” as defined under § 119.0701, F.S. This provision shall survive the expiration or termination of the Agreement.

FIU will provide reasonable cooperation in the defense of the suit at Vendor’s expense. Vendor’s indemnification obligations shall not be limited by any limitation of liability outlined in the Agreement. Such defense and indemnity shall survive termination or expiration of the Agreement. Nothing in the Agreement shall be construed as a waiver of sovereign immunity nor as an indemnification of Vendor by FIU, and then such indemnification is limited to the express terms of §768.28, F.S.

Subject: Authorization to advertise for and select the construction manager for CasaCuba project and enter into contract for pre-construction services only

Proposed Committee Action:
Recommend to the Florida International University Board of Trustees authorization to advertise for and select the construction manager for the CasaCuba project and enter into a contract with the selected construction manager to begin pre-construction services only.

Background Information
On April 18, 2019, the FIU Board of Trustees (BOT) approved the Architectural/Engineering (A/E) selection process for the CasaCuba project. Since BOT approval of A/E selection, the competitive solicitation was completed, and the architectural firm Rene Gonzalez Architects was selected. Rene Gonzalez Architects has prepared conceptual schematic designs that were presented to the CasaCuba program committee on December 17, 2020.

In order to assist the architect with construction cost estimates during the design process, FIU is requesting BOT approval to begin the selection of the Construction Manager for the CasaCuba project. Upon the successful completion of the competitive selection process, FIU will enter into its standard agreement with the Construction Manager, which include pre-construction services, including reports at conceptual schematics, advanced schematics, design development, and 50 percent and 100 percent construction documents. At the design development stage, the Construction Manager will provide a letter confirming that the concept selected can be constructed within the budget. Under FIU’s standard agreement, FIU is not obligated to continue with services beyond pre-construction services.

The estimated cost of pre-construction services is $255,783. CasaCuba has funding to cover the cost of pre-construction services. Construction Manager services beyond pre-construction services will not take place without BOT approval, and FIU’s standard agreement will specify that no work beyond pre-construction services will proceed without specific written authorization from FIU (and only if BOT approval is obtained).

Subject: Approval of construction and installation of additional FIU-requested tenant improvements, furnishings, and fixtures, and purchase and installation of information technology equipment for FIU in Washington, D.C. leased premises located at 601 New Jersey Avenue NW, Washington, D.C.

Proposed Committee Action:
Recommend that the Florida International University Board of Trustees approve (1) construction and installation of additional FIU-requested tenant improvements, furnishings, fixtures, and information technology equipment for FIU in Washington, D.C. (FIU in DC) leased premises located at 601 New Jersey Avenue NW, Washington, D.C.; and (2) the delegation of authority to the University President, or designee, to cause the completion of the improvements on behalf of the University and execute all necessary documents in connection therewith.

Background Information
On February 23, 2021, the FIU Board of Trustees Finance and Facilities Committee approved the lease of 4,993 square feet of prime space located at 601 New Jersey Avenue NW, Washington D.C. The new space was selected through a competitive solicitation and replaced FIU leased space which term expired on April 30, 2021. The term of the lease is 11 years and 4 months following the lease commencement date, which is the earlier of the date all tenant improvements are substantially completed or the date on which FIU commences business operations in the space. Currently, the Landlord is providing FIU temporary space free of charge, effective April 15, 2021, until the commencement date. As part of the lease terms, the Landlord, at its expense pursuant to an unlimited construction allowance, is responsible for the initial buildout of the space with building standard finishes as reflected in the final plans and specifications. In addition, the Landlord provided a $10.00 per square foot allowance (or $49,930), for furniture, fixtures, and equipment (FF&E) and costs related to voice/data cabling and other cabling and wires.

(FIU in DC is the University’s integrated advocacy approach aimed at increasing FIU’s national reputation and federal support for FIU’s preeminent and emerging preeminent programs, researchers, and provides opportunities and unique academic experiences for our students. The FIU in DC team collaborates with academic units, notably the School of International and Public Affairs, the Honors College and the College of Communication, Architecture + The Arts to provide academic and co-curricular opportunities and support the placement of students and alumni in internships and permanent employment.

Since opening FIU in DC in 2016, Washington-based advocacy and programming has helped secure $65M in grants from critical agencies. In the last year, FIU has hosted over 52 programs and events, attracting over 2,100 participants and key stakeholders. The current FIU in DC location is already a drop-in hub available for FIU’s alumni population of over 3,000 alumni living and working in the
region. In the last year, FIU in DC programming has also supported over 1,200 students. Students have participated in 101 internships with Washington-based organizations, including 46 who interned for Congressional offices or federal agencies. 267 students were enrolled in courses or badge programs, including 76 in credit-earning courses. Five courses with Washington-based faculty or guest lecturers are currently offered.

FIU’s vision for the new FIU in DC space includes a dynamic, first-of-its-kind concept that would also set a new standard for an engaged research university in Washington, D.C. The core components for the facility that our previous office space did not have are:

- A dedicated student-focused space for academic and co-curricular learning near the Capitol to seat 24 students. This would allow an increase in courses for FIU students interning in Washington, student-led research workshops and additional for credit, and executive education programs.
- Dynamic, flexible layout and technology to effectively showcase FIU research to federal agency officials and corporate leaders and allow for co-working capacity for students, staff, faculty, alumni and agency partners.
- Two distinct spaces that could be utilized as interactive data-driven decision-making “decision theaters” for faculty researchers, agency partners, and students
- Multipurpose space for 60-80 to convene briefings and greater cultivation of reputational targets and national media
- A media lab to house a student media bureau with broadcast-quality production equipment for national programming
- High-visibility location in a high-traffic zone near center core to allow for digital signage to showcase preeminent FIU research

Since April, FIU has been working with the Landlord’s architect, Architecture Incorporated, on the improvements necessary to achieve the vision for the new space. Additionally, FIU has been working with an outside consultant, Hyperquake, and FIU Information Technology on the information technology needs, furnishings, fixtures, and equipment to appropriately showcase FIU research by capitalizing on the first floor location. (Which costs are the responsibility of FIU after application of the allowance noted above). After four months of work, the design of the space and IT requirements have been completed. The additional amount of funding needed for the construction and installation of additional FIU-requested tenant improvements, furnishings, fixtures, and information technology equipment beyond the Landlord provided funding is 1,950,000.00. The details of the budget are:

Proposed Committee Action:
Recommend that the Florida International University Board of Trustees approve (1) the negotiation and execution of a sublease agreement for a new location for The Knight Foundation School of Computing and Information Sciences located at the block bounded by S.E. 2nd Street, South Biscayne Blvd, S.E. 3rd Avenue in Miami Florida, consistent with the terms and conditions contained in the attached letter of intent (the “Sublease Agreement”); (2) the delegation of authority to the University President, or designee, to negotiate the Sublease Agreement; and (3) the delegation of authority to the University President, or designee, to execute the Sublease Agreement on behalf of the University, and such other documents that may be necessary to effectuate the transactions contemplated therein.

Background Information
The Knight Foundation gift calls for our Computer Science and Computer Engineering programs to reach top-50 rankings and provide a talent pipeline for Florida’s tech sector. Central to this goal is to build on our significant growth in research and student success, and by adding 20 new research faculty. The College of Engineering and Computing has already achieved a dramatic 125% research awards growth and a remarkable 4-year graduation rate of 51% this year, and within a short period of time. We will build on these successes to achieve 160% research growth and 65% 4-year graduation rates over the next 4 to 5 years for the Knight Foundation School of Computing and Information Sciences. A goal is to facilitate strong industry and community identity through student, faculty, and alumni engagement with our constituents (industry and government organizations) at this facility. The planned Technology Solutions Hub activities will attract new research funding and philanthropic revenue, accelerate tech transfer, give students relevant industry experience for tech transitions and entrepreneurship, and provide a platform to showcase our many inventors and technologies.

The Knight Foundation currently leases approximately 22,822 rentable square feet, consisting of the entire 33rd Floor of the Southeast Financial Center, located in downtown Miami (the “Premises”). The Knight Foundation has offered to sublease the Premises to the University, until February 28, 2026 (the “Term”) and cover the sublease base rent and basic costs (as those terms are defined in
the Sublease Agreement) for the entire Term through a grant provided to the FIU Foundation, Inc. Such grant will cover 100% of the annual rent of the Premises, except for other charges such as overtime HVAC, excess utilities and similar charges.

The Premises will serve (i) FIU-affiliated entrepreneurs, including students and alumni, who are developing early-stage tech companies; (ii) student and community organizations producing tech and STEM-related programming; and (iii) FIU’s Offices of Engagement, Career and Talent Development, and Technology Management and Commercialization in establishing a presence in the heart of Miami’s business district. General office uses will include establishing FIU Tech, a startup space where FIU can help to develop ideas through interaction with FIU’s students, FIU’s technology and FIU’s researchers and build an ecosystem of FIU’s resources for the community by having a location in downtown Miami for College of Engineering and Computing students and FIU-affiliated tech entrepreneurs.

FIU has executed a non-binding letter of intent, a copy of which is attached hereto, evidencing the material terms and conditions of the Sublease.

- Term – Term of Sublease Agreement until February 28, 2026 (approximately 4 years and 6 months following lease Commencement Date)
- Subleasing 22,822 sq ft of office space
- 100% of annual rent and basic costs to be covered by Knight Foundation pursuant to a grant to the FIU Foundation
- Total FIU net incremental cost of approximately $2.19M over that time

12. **Grant Agreement:** Simultaneously with the execution of the Sublease, Sublandlord, Subtenant and FIUF will enter into a grant agreement (the “Grant Agreement”) pursuant to which Sublandlord shall, among other things, provide a grant to FIUF, which grant will be paid to Subtenant (the “Grant”). The Grant shall be personal to FIUF and may not be assigned by FIUF to any other person or entity, other than to Subtenant. The Grant shall cover the payment of the Annual Rent (to wit: Base Rent and Basic Cost [as defined in the Master Lease] and all sales tax during the Sublease Term). The Grant Agreement shall contain additional terms and conditions regarding the administration of the Grant and the payment of the Annual Rent. The Grant Agreement shall include certain terms and conditions to provide appropriate name recognition to be granted to Sublandlord as a condition to the Sublease. The parties acknowledge and agree that any default by Subtenant under the Grant Agreement shall constitute a default by Subtenant under the Sublease, in which event Sublandlord shall have the right and option to terminate the Sublease as more fully particularly set forth in the Sublease.
13. **Additional Rent; Utilities:** Subtenant shall pay to Sublandlord any amounts incurred by Subtenant for after-hours HVAC, or other services for which additional charges may be incurred pursuant to Section 17 of the Master Lease (the “Excess Costs”). Pursuant to Section 6 of the Third Amendment, Sublandlord, as tenant, is entitled to the Alterations Allowance (as defined in the Third Amendment) equal to $456,440.00. So long as Subtenant is not in default under the terms of the Sublease, Subtenant shall be permitted to utilize the Alterations Allowance in accordance with the terms of the Master Lease. In the event Master Landlord does not permit the Alterations Allowance to be used directly by Subtenant, then Sublandlord and Subtenant shall work together in good faith and use commercially reasonable efforts to determine a mutually acceptable method for Subtenant’s utilization of the Alterations Allowance. In the event Master Landlord does not permit the Alterations Allowance to be used directly by Subtenant, and Subtenant and Sublandlord are subsequently unable to come to a mutually acceptable agreement as to the method of Subtenant’s utilization of the Alterations Allowance then Subtenant shall not be entitled to utilize the Alterations Allowance. Subtenant, at Subtenant’s sole cost and expense, shall be responsible for all costs in excess of the Alterations Allowance. The construction of the alterations shall be more particularly set forth in the Sublease.

21. **Parking:** Subtenant shall be entitled to all of the parking spaces provided to Sublandlord under the Master Lease, subject to the terms of the Master Lease. Subtenant shall reimburse Sublandlord on a monthly basis for the costs of such parking spaces. The parties acknowledge and agree that the costs of the parking spaces are not included in the Grant.
22. **Subtenant’s Signage**: Subtenant may, at Subtenant’s expense, install signage within the Subleased Premises, subject to the Master Lease, and Sublandlord’s consent.

23. **Compliance**: Subtenant will comply with all laws, rules and regulations affecting the Subleased Premises and all the terms and conditions of the Master Lease.

24. **Contingency**: The Sublease shall be contingent upon Sublandlord’s ability to obtain Master Landlord’s written consent and Master Landlord’s written waiver of its option to sublease the Subleased Premises from Subtenant (as set forth in Section 13(d) of the Master Lease). In the event that the Master Landlord does not consent to the terms and conditions set forth in this LOI, then this LOI shall be deemed automatically withdrawn, null, void and of no further force or effect. Additionally, prior to the execution of the Sublease, Sublandlord may elect to: (i) terminate the Master Lease; (ii) enter into a sublease with a third-party for all or any portion of the Premises; or (iii) assign the Master Lease to a third-party. In all circumstances, Sublandlord shall have no liability to Subtenant under this LOI.

25. **Surrender**: Subtenant shall be obligated to surrender the Subleased Premises in the condition required pursuant to the terms and conditions of the Master Lease.

26. **Broker(s)**: Blanca Commercial Real Estate, representing Sublandlord. Subtenant is not represented by a broker in this transaction.

27. **Extension Option(s)**: To the extent Master Landlord consents to same, Subtenant shall be permitted to exercise the Renewal Option(s) (as defined in the Master Lease) as set forth in the Lease; provided, however, if Subtenant shall elect to exercise a Renewal Option, then Sublandlord shall be released from any and obligations under the Lease during such Renewal Term (as defined in the Lease) and the Master Lease shall become a direct lease between Master Landlord and Subtenant. In the event the Master Landlord does not consent to Subtenant’s exercise of the Renewal Option(s), then the Sublease Term shall expire on March 30, 2026.

28. **Confidentiality**: Other than with the express prior written consent of the other party or to the extent required by law, neither party will disclose to the public nor to any third party the existence of this LOI or the terms hereof, or the fact that discussions are taking place between the parties, except to their respective agents, representatives, consultants, advisors, current employees, officers, directors, partners, investors or lenders, and each party’s respective legal counsel. The parties acknowledge and agree that the Subtenant is subject to Chapter 119, Florida Statutes, otherwise known as Florida’s Public Records Law.

29. **Subordination to Master Lease**: Subtenant acknowledges that its rights under the Sublease are expressly contingent upon, subject and subordinate to the terms and conditions of the Master Lease.

30. **Non-Binding**: This LOI is not intended to be a legally binding agreement and it is the intent of the parties that no such legally binding agreement shall exist unless and until a formal and definitive Sublease has been negotiated, drafted, approved by the respective parties and their legal counsel and executed and delivered by such parties. Neither party may claim any legal rights against the other by reasons of actions taken in reliance on this non-binding LOI, including, without limitation, any partial performance of the transactions contemplated herein. The parties acknowledge that this non-binding LOI does not address all essential terms of the transactions contemplated by this LOI and that such essential terms will be the subject of further negotiations. The parties acknowledge and agree that either party shall have the right to terminate the negotiation of a formal agreement for any reason or no reason and that neither party owes the other party any duty to negotiate a formal agreement.

All other rights in and regarding the Products, Apple Marks and Apple Content, whether express or implied, are expressly reserved to Apple. Failure by the Campus Reseller to respond promptly to or cooperate with Apple's requests or inquiries concerning Prohibited Products will be viewed as a material breach of this Agreement and grounds for immediate termination.

6.9 Campus Reseller will distribute Products with all warranties, notices, licenses, disclaimers, packaging, logos, labels, and in-box materials intact, as shipped from Apple.

6.10 Campus Reseller will not make or sell any representations, warranties or guarantees to Customers or any other third party through any medium with respect to the specific characteristics, features, or capabilities of any Apple Products that are inconsistent with the representations, warranties, guarantees, and disclaimers specifically stated in Apple's end-user license agreements and then-current Apple Product documentation. THE FLORIDA INTERNATIONAL UNIVERSITY
BOARD OF TRUSTEES
Finance and Facilities Committee
September 14, 2021

Subject: Approval of additional purchase orders issued under the independent contractor agreement with the vendor Logistics Management Group

Proposed Committee Action:
Pursuant to the Delegations of Authority from the Florida International University Board of Trustees (the “BOT”) to the University President, as reflected in the Resolution on the President’s Powers and Duties approved by the BOT on March 4, 2019, authorize the University President or his designee to issue additional purchase orders pursuant to the agreement with the vendor Logistics Management Group, in an amount equal to $107,579.23.

Background Information
Independent contractor agreement and purchase orders issued pursuant to the aforementioned agreement (vendor: Logistics Management Group).

At its previous meeting on April 21, 2021, the BOT Finance and Facilities Committee approved the execution by the University of an Independent Contract Agreement with Logistics Management Group (the “Agreement”), and the issuance of purchase orders pursuant to the Agreement, up to an amount equal to $1,977,855 (the “Agreement Expenses”). As discussed in April, the Agreement provides a wide array of event management services and source necessary items for the various events organized by the Food Network & Cooking Channel South Beach Wine & Food Festival, which took place on May 20-23, 2021 (the “2021 Festival”).

As was reported at the BOT’s April 2021 meeting, the total amount of expenses could not be outlined in the Agreement since the run of show for the 2021 Festival is subject to change, availability of equipment and staffing for the events is subject to price fluctuations, and most expenses are pass-through and reimbursed by the University once approved by festival staff, incurred and invoiced by the vendor.

At that time, the total Agreement Expenses approved by the BOT were estimated to be $1,977,855. Thereafter, following a true-up of the Agreement Expenses, it has been determined that an additional $107,579.23 is due to Logistics Management Group in Agreement Expenses.

Term: Until the agreed upon services for the 2021 Festival are completed.
Additional Cost: Estimated $107,579.23.
Funding source: Ticket sales and sponsorship revenue (unrestricted auxiliary funds).

6. In-Kind Contribution. Contractor shall make the following In-Kind Contribution to the Festival: N/A which is valued at $N/A.

7. Fee for Services. As full compensation for the Services to be provided by Contractor hereunder, the Festival agrees to pay Contractor a total fee as defined and as per the compensation structure outlined in Exhibit “B”, subject to the terms of paragraph 9 (Payment Terms) below.

8. Reimbursement. From time to time, the Festival may direct or require Contractor to undertake certain expenses not contemplated within the Fee set forth above. In such circumstances, the Festival shall reimburse Contractor for all business expenses pre-approved in writing by the Festival and actually paid or incurred by Contractor in the course of performing the Services. Contractor shall account for and submit reasonable supporting documentation (along with proof of the pre-approval) to the Festival in relation to any expense reimbursement hereunder and shall be reimbursed in accordance with the terms of this Agreement, specifically including paragraph 9 (Payment Terms).

9. Payment Terms. Contractor agrees to submit invoices made out to “Florida International University” in accordance with Minimum Invoice Requirements as posted on FIU’s website at http://finance.fiu.edu/controller/GL_AccountsP.html, in detail sufficient for a proper pre-and post-audit and a Statement of Account showing billings to and payments from the Festival during the Term, resulting in an ending balance. Upon receipt of a proper invoice, the Festival will make payment in accordance with FIU
Regulation FIU-2202, entitled “Prompt Payment.” If the Festival does not issue payment within forty (40) days of receipt of the proper invoice, the Festival may pay to Contractor an interest penalty at the rate established pursuant to §55.03(1) Fla. Notwithstanding anything else contained herein, this Agreement may immediately be terminated by either party for Cause. For purposes of this Agreement, “Cause” is defined as a material failure to perform the Services as specified herein or failure to adhere to any material terms of this Agreement. If this Agreement is terminated, the Festival shall only be liable for payment of goods received and services rendered and accepted by the Festival prior to the date of termination.

11. Force Majeure. Neither party shall be liable or responsible to the other, nor be deemed to have defaulted under or breached this Agreement, for any delays, suspensions, damages, or failure to fulfill or perform any of the terms or obligations under this Agreement when and to the extent such failure or delay is caused by or results from the force majeure events, as defined herein (“Force Majeure Events”). Force Majeure Events shall mean any circumstance or event beyond the reasonable control of the party unable to perform and which could not have been prevented or avoided by the exercise of due diligence, prudence, or the adoption of reasonable precautions, such as, including but not limited to: (a) acts of God; (b) flood, fire, earthquake or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) any federal, state or local government law, order, or regulation, order of any court or jurisdiction, (e) actions, embargoes or blockades in effect on or after the date of this Agreement; (f) action by any governmental authority; (g) national or regional emergency; (h) strikes, labor stoppages or slowdowns or other industrial disturbances; and (i) public health emergencies, including, but not limited to, as a result of epidemics and pandemics; and (j) other events beyond the reasonable control of the party impacted by the Force Majeure Event (the “Impacted Party”). The Impacted Party shall give a written notice of such Force Majeure Event to the other party. The Impacted Party shall use diligent efforts to end the failure or delay and ensure the effects of such Force Majeure Event are minimized. The Impacted Party shall resume the performance of its obligations as soon as reasonably practicable after the removal of the cause. In the event that the Impacted Party's failure or delay remains uncured after Force Majeure Event has ended or cannot be cured for a period of ten (10) days following written notice given by it under this Section 11, either party may thereafter terminate this Agreement upon written notice to the other party. If this Agreement is terminated by the Festival or the Services are cancelled by the Festival pursuant to this provision, the Festival shall reimburse Contractor for all pre-approved out of pocket expenses actually incurred by Contractor in preparation for performing the Services, if any.

12. Compliance with Laws. Contractor shall comply with all laws, ordinances, codes, rules, regulations, and licensing requirements that are applicable to the conduct of its business, including those of Federal, State, and local agencies having jurisdiction and/or authority over it. Contractor acknowledges and agrees that Contractor has and will at all times during the Term maintain all applicable governmental permits, licenses, consents, and approvals necessary to perform its obligations under this Agreement.

13. Ownership of Work Product. All right, title and interest in and to any invention, work product, idea or creation conceived, developed or produced during the performance of services under this Agreement (including but not limited to creative, copy, scripts, story boards, writing, copyrights, trademarks, art, music, software and documentation, business systems or ideas, and research projects) shall be property of the Festival if created by the Contractor jointly with the Festival.

14. Festival's Right to Inspect. The work contemplated herein must meet the Festival's standards and approval and shall be subject to the Festival's general right of inspection to secure the satisfactory completion thereof.

15. Insurance. Contractor shall provide and keep in full force and effect during the term of Contract, at the Contractor's own cost and expense, the following insurance policies for the joint benefit of the Contractor and the Festival: (i) Commercial General Liability which includes coverage for bodily injury, property damage, personal injury, and contractual liability in the minimum amount of $1,000,000 per occurrence and $2,000,000 in the aggregate. (ii) Workers Compensation – Coverage shall be maintained in an amount equal to or greater than the statutory limits required by the laws of the State of Florida. If applicable to the type of service being provided; (iii) Liquor Liability in the minimum amount of $1,000,000 per occurrence. Contractor shall deliver to the Festival true and correct certificates of such insurance upon the Festival's request. The certificates shall indicate that the Commercial General Liability policy carries an endorsement (no more restrictive than CG 20.10) which names The Florida International
University Board of Trustees, Florida International University, the State of Florida, The Florida Board of Governors, and their respective trustees, directors, officers, employees and agents, as additional insureds. The Contractor may carry, at his own expense, such additional insurance, as Contractor deems necessary. All insurance coverages shall be written through a reputable and responsible company licensed to do business in the State of Florida and acceptable to the Festival. The Contractor's policy shall be primary and any insurance carried by the Festival shall be noncontributing with respect thereto. The Certificate of Insurance shall contain a statement that the policies will not be modified or canceled without thirty (30) days advance written notice to the Festival.

Contractor shall do nothing that will adversely affect the Festival, in any way, including increasing risks, insurance premiums or liability. In addition to the insurance required to be obtained and maintained by the Contractor, if the Contractor assigns any portion of the duties under the Contract in accordance with the terms thereof, each subcontractor or assignee is required to purchase and maintain insurance coverage that adequately covers each subcontractor's or assignee's exposure based on the type of services they are providing in connection with this Contract. The Festival reserves the right to terminate this Agreement if Contractor fails to supply and/or maintain the required coverage. Contractor's procuring of the required insurance shall not relieve the Contractor of any obligation or liability assumed under the Contract, including specifically the indemnity obligations. The Festival recommends that the Contractor obtain and maintain a policy of business interruption insurance. The Contractor shall assist and cooperate in every manner possible in connection with the adjustment of all claims arising out of Contractor's operations within the scope provided for under the Contract, and shall cooperate in all litigated claims and demands, arising from said operations, which its insurance carrier or carriers are requested to respond.

16. Relationship of the Parties. Contractor's relationship to the Festival shall be and at all times shall remain that of an independent contractor. The parties hereby agree and stipulate that no language or provision in this Agreement or course of conduct between the parties will be interpreted, construed, or given the effect of creating any relationship other than that of independent contractor. In accordance with Contractor's status as an independent contractor, Contractor will not be entitled to benefit from or participate in any of the Festival's employment benefits, insurance programs, fringe benefits, worker's compensation insurance, retirement plans, or any other employee benefit plan. Contractor shall be solely responsible for reporting or paying any employment taxes, income taxes, or other similar obligations as may be required by the U.S. Internal Revenue Service or any other similar state, local or federal agency. Contractor warrants and represents that it is not on the convicted vendor list (see Fla. Stat., 287.133(2)(a)).

17. Prohibitions. Unless expressly and specifically authorized in writing by the Festival in advance, Contractor shall be prohibited from engaging in any of the following:
(a) Incurring any debt or obligation on behalf of the Festival;
(b) Entering into any contract, arrangement, or transaction which binds the Festival to any extent or creates any obligation on the Festival; and/or
(c) Utilizing the Festival's name, credit, reputation, goodwill, resources, and/or assets for any purpose without prior and explicit written approval of the Festival.

18. Indemnification.
(a) By Contractor. Contractor and its officers, employees and agents, jointly and severally agree to release, indemnify, defend and hold harmless the Festival, FIU, the FIU Board of Trustees, the Florida Board of Governors, the State of Florida and their respective trustees, officers, employees and agents of and from any and all liability, fines, royalties, fees, taxes, suits, claims, demands and actions, costs, attorney's fees and expenses of any kind or nature whatsoever for any loss of life, personal, bodily or economic injury or damage or loss to property which may be sustained by reason of, based upon, or in any way arising out of the negligent performance of the Services or any other obligations of Contractor set forth in this Agreement, and from and against any orders, judgments or decrees which may be entered pursuant thereto arising from Contractor's negligence or willful misconduct. This obligation shall survive the termination of this Agreement.

(b) By Festival. The Festival shall indemnify and hold harmless the Contractor and its officers, employees and agents from any and all personal injury or property damage claims, liabilities, losses or causes of action which may arise as a result of the negligence of the Festival or its employees when acting within the course and scope of their employment; provided, however, this indemnification shall only be to the extent and within the limitations of Section 768.28 Florida Statutes, subject to the provisions of that statute whereby the festival shall not be held liable to pay a personal injury or property damage claim or judgment by any one person which exceeds the sum of $200,000, or any claim or judgment or portions thereof, which, when
totaled with all other claims or judgments paid by the Festival arising out of the same incident or occurrence, exceeds the sum of $300,000. Nothing herein shall be deemed to indemnify the Contractor from any liability or claim arising out of the negligent performance or failure of performance of the Contractor or as a result of the negligence or failure of performance of any third party. Further, nothing contained herein shall be construed or interpreted as: i) denying FIU or other state or public entity any remedy or defense available under the laws of the State of Florida; ii) the consent of FIU to be sued; or iii) a waiver of sovereign immunity of FIU beyond the waiver described herein and provided in §768.28, Florida Statutes.

19. Confidentiality & Non-Compete & Non-Circumvention. Contractor agrees that, during the term of this Agreement and thereafter, it shall not, directly or indirectly, disclose to anyone outside of the Festival any trade secrets, proprietary information of the Festival, or other data or information not generally known outside of the Festival, whether prepared or developed by or for the Festival or received by the Festival from any outside source, including but not limited to any existing and prospective sponsor files or information, customer lists, marketing/media plans, event/site layout and design plans, invoices and vendor contracts. Except as may be required in the Contractor’s performance of the Services. The parties acknowledge that Contractor’s business is dependent upon vendor relations and confidentiality of costs, and the Festival agrees not to share any vendor invoices, prices or costs provided by Contractor or any vendee to Contractor with any third party except as required by law, rule, regulation or court order. The Festival agrees that it will not contact any of Contractor’s vendors (i.e., for supporting documentation or invoices or requested signatures etc.), unless the Festival first coordinates any such requests directly through LMG in an effort to obtain the requested information from LMG. The Festival further acknowledges that Contractor’s information is proprietary and confidential, and accordingly, the Festival agrees to treat the foregoing and any other work product or information provided by Contractor to the Festival hereunder, including both the terms of this Agreement and the existence thereof, as confidential; and the Festival acknowledges that this confidentiality and non-circumvention provision is a material provision that is required by Contractor for it to enter into this Agreement. Without limiting the generality of the foregoing, the Festival shall not provide copies of any invoices provided by Contractor to any individual other than the Festival Accounting Representatives and/or the SOBE Wine Festival Managing Director or as otherwise required by law, rule, regulation or court order. The Festival further agrees that during the term of this Agreement, neither it nor any person or entity that it controls shall circumvent the Contractor and procure or purchase products from any Festival vendors or formally introduced to the Festival by the Contractor. The Parties agree that an impending or existing violation of any provision of this confidentiality and non-circumvention section would cause irreparable injury to the Contractor for which it would have no adequate remedy at law, and agree that the Contractor shall be entitled to seek immediate injunctive relief prohibiting such violation, in addition to any other rights and remedies available to it, and in the event of litigation the prevailing party shall recover reasonable attorney’s fees and costs from the other party hereto. The confidentiality provision set out in this section shall survive the termination of this Agreement.

20. Loss/Theft. Contractor is solely responsible for the security of all goods, property, equipment, materials, product or any other items that it or its contractors, agents, or other representatives bring to the Festival. The Festival shall have no obligation or liability whatsoever for any loss, misplacement or theft of Contractor’s property, unless such loss, misplacement or theft directly arises from the Festival’s willful misconduct or gross negligence, or whenever Contractor’s “possession” of those certain items is only incidental (e.g., when Contractor rents items on behalf of the Festival and the Festival is the only party who takes possession of said items).

21. Intellectual Property. If applicable, Contractor represents and warrants that any intellectual property furnished by Contractor to the Festival will not infringe upon or violate any patent, copyright, trademark, trade secret, or any other proprietary right of any third party. Florida International University  
Financial Summary Overview ¹  
FY 2020-21 as of June 2021

Financial Highlights:

Auxiliary Enterprises Variance: Revenues $27.5M, Expenses $33.8M

Revenues are higher than planned by $27.5M mainly due to non-operating lost revenues claimed from the federal Higher Education Emergency Relief Fund (HEERF) Grant program for the period of March 13, 2020 — the beginning of the pandemic — through the end of fiscal year 2020-21, $47.3M, offset by lower operating revenues of $19.8M.

The move to remote learning and work in response to COVID-19 and corresponding decline in demand for on-campus services and activities has had the biggest impact on the auxiliaries, resulting in a $19.8M or 8.4 percent decline in operating revenues. The main components include significantly lower housing occupancy, ($9.4M); lower revenues from Division of Information Technology and other services, on-campus retail services, and events across several auxiliaries, ($2.8M); lower shared services fee revenues commensurate with real savings in expenses, ($2.8M); lower revenue from the South Beach Wine and Food Festival, ($1.7M); less parking fee revenues due to less students purchasing parking permits, ($1.4M); lower revenues from research projects, ($1.0M); less construction services reimbursement fee revenues due to postponed projects, ($0.7M); and lower revenues across various other auxiliaries, ($0.4M). Higher academic auxiliary revenues driven by higher enrollment in market-rate programs are offset by the impact of the move to remote learning in the areas of self-supporting and other academic programs, study abroad, and material, supply and equipment fees, $0.4M.

Expenditures are below budget by $33.8M or 15 percent, mainly due to vacant positions across all auxiliaries, $9.1M; less operating expenses associated with cancelation of study abroad programs and travel due to COVID-19, $3.9M; less demand for services and events on campus, $3.1M; savings from transitioning the Golden Panther Express from an external service to an internal service, $1.2M; lower instructional materials, supplies and equipment purchases due to remote learning, $2.2M; less scholarships, $1.2M; lower expenses in research recharge centers, $1.1M; and other expense savings across all auxiliaries, mainly academic auxiliaries, $13.1M; offset by unbudgeted expenses for the new COVID-19 testing center, ($1.1M).

Intercollegiate Athletics Variance: Revenues $1.7M, Expenses $3.1M

Revenues are above target by $1.7M or 6 percent mainly due to non-operating lost revenues claimed from the federal Higher Education Emergency Relief Fund (HEERF) Grant program for the period of March 13, 2020 — the beginning of the pandemic — through the end of fiscal year 2020-21, $1.4M; greater net revenue from the athletic fee due to higher student credit hour enrollment and lower bad debt expense, $0.5M; unbudgeted revenues received in the current fiscal year for the University of Miami football game played in the prior year and sponsorship and ticket sales from Van Wagner that are related to the previous year, $0.4M; other athletic revenues, $0.2M; offset by lower game guarantee and NCAA conference payments, ($0.8M).

Expenditures are below budget due to savings from furloughs and less temporary employees $1.5M; less travel expenses due to cancelled football games, and less recruiting and team sport operating expenses, $1.6M.

Student Activity and Service Variance: Revenues $1.2M, Expenses $6.3M

Revenues are $1.2M above plan mainly due to non-operating lost revenues claimed from the federal Higher Education Emergency Relief Fund (HEERF) Grant program for the period of March 13, 2020 — the beginning of the pandemic — through the end of fiscal year 2020-21, $0.8M, and higher net revenues from the Student Activity and Service Fee due to higher student credit hour enrollment and lower bad debt expenses, $0.4M.

Expenses are below target primarily due to savings related to vacant positions and less temporary personnel mainly in student centers and buildings, $3.2M; and operating expense savings across areas such as student government association, student groups and clubs, students centers and buildings, and campus life, $3.0M.

Technology Fee: Revenues $0.5M, Expenses $2.3M

Net revenues from the technology fee are higher than target mainly due to higher than projected student credit hour enrollment and lower bad debt expense, $0.3M.
Financial Highlights:

Expenses are below target mainly due to savings from vacant and temporary positions, $0.1M, and delays in project timelines and equipment purchases to the next fiscal year, $2.3M.

Board Approved Fees: Revenues $0M, Expenses $0M
Revenues are below plan by $27K or 6 percent due to less than anticipated students reaching the minimum, eligibility threshold of sixty credit hours to be assessed the Bar Test Prep Fee.

Expenses are below budget by $63K mainly due to payments to bar prep course vendors which will be incurred in the next fiscal year.

Contracts and Grants Variance: Revenues $26.3M, Expenses $21.4M

Sponsored Research:
The favorable variance in revenues of $27.5M is due to higher draw down of federal Higher Education Emergency Relief Funds (HEERF) Institutional and Minority Serving Institutions support due to additional awards during the year, $47.9M, higher revenue in other federally sponsored projects, $0.2M, and unbudgeted reimbursements from the National Forensic Science Technology Center (NSFTC), $4.3M; offset by lower State government sponsored projects, ($17.8M), and other (private) sponsored projects, ($7.1M).

Expenditures are below budget by $17.5M mainly due to lower expenses in federal, state, and other (private) sponsored research projects, $28.9M; offset by higher than expected commitments against Facilities and Administrative (F&A) returns spent by the colleges, units, centers, and researchers, ($11.4M).

Lost revenues claimed under the HEERF grant program, $52.1M, are reflected in the Contracts and Grants fund as transfers out and non-operating revenue in the Auxiliary Enterprises, Intercollegiate Athletics, Activity and Service, External Contracts, and Concession funds which were subject to lost revenues.

External Contracts:
Revenues are under plan by $1.2M, primarily due to lower DSO reimbursements commensurate with lower DSO reimbursement expenses, ($3.5M), offset by higher revenues from College of Medicine Clinical Affairs and other medical programs, $0.5M, and non-operating lost revenues claimed from the federal Higher Education Emergency Relief Fund (HEERF) Grant program for the period of March 13, 2020 — the beginning of the pandemic — through the end of fiscal year 2020-21, $1.8M.

Expenses are below budget, $4.0M, as less in-person activities and reduced on-campus presence have led to savings in temporary employee, travel, and professional service expenses.

Student Financial Aid Variance: Revenues $24.4M, Expenses $-19.9M
Student financial aid revenue is above target by $24.4M or 10 percent. The majority of the variance is due to the second, unbudgeted allocation from the federal government from the Higher Education Emergency Relief (HEERF) grant program, $18.7M; more than anticipated Bright Futures revenues due to more students qualifying for Bright Futures scholarships, $9.7M; higher than anticipated donor-related scholarships, $0.9M; and higher Florida Student Assistance Grant (FSAG) allocations, $0.1M. These are offset by less Pell Grant revenue due to less Pell-eligible students, ($3.6M); less than anticipated undergraduate merit institutional aid, ($1.0M); and less Federal Work Study (FWS) revenue due to less students on campus, ($0.4M).

Student financial aid expenses are above target by $20.0M or 8 percent. Higher expenses are due to the second, unbudgeted allocation from the HEERF grant program, ($18.7M); more students with Bright Futures awards, ($9.3M); and higher donor-related scholarships, ($1.9M); offset by less institutional aid for undergraduate merit scholarships due to less students, $4.2M; less Pell Grant awards as a result of less eligible students, $3.6M; less FWS expenses due to less students on campus, $1.4M; and all other sources of financial aid, $0.7M.
Financial Highlights:

The positive change in net position of $1.4M is $1.9M above target and is mainly due to timing of expenditures associated with institutional aid, Bright Futures, and FSAG.

Concessions Variance: Revenues $0.2M, Expenses $0.5M
Revenues are $238K or 34 percent higher than plan mainly due to non-operating lost revenues claimed from the federal Higher Education Emergency Relief Fund (HEERF) Grant program for the period of March 13, 2020 — the beginning of the pandemic — through the end of fiscal year 2020-21, $741K. Operating revenues continued to be adversely impacted by COVID-19 and the move to remote learning and work; less on-campus foot traffic resulted in a 76 percent decline in beverage and snack sales and sponsorship revenue, ($460K), and less students in on-campus housing negatively affected Housing laundry machine commissions, ($50K).

Real expense savings of $530K, 67 percent of the annual budget, are largely due to less events due to the move to remote learning and work as a result of COVID-19 and lower vending operations overhead.

The university reduced the budget designated for various events across the university by approximately $480K or 61 percent of the annual expense budget, in response to lower operating revenues.

FIU Athletic Finance Corp. Variance: Revenues $‐0.8M, Expenses $1M
Revenues are below plan by $0.8M or 15 percent mainly due to lower revenues from Miami FC games and ticket sales as fan capacity in the stadium is limited during the COVID-19 pandemic, ($0.5M); lower than budgeted game guarantees and conference distributions, ($0.8M); and lower sponsorship revenue, ($0.3M); offset by unbudgeted support from the FIU Foundation Inc., $0.7M; and higher sky suite revenue, $0.2M.

The favorable variance in operating expenses is mainly due to lower event expenses as no fans are allowed in the stadium for Miami FC games due to COVID-19 restrictions, $0.5M; lower game day and other expenses, $0.4M; and lower debt service payments, $0.1M.

FIU Foundation Inc. Variance: Revenues $44.9M, Expenses $5.6M
The favorable revenue variance is driven by higher cash contributions.

University support program expenses are below budget due to delays in capital projects offset by higher scholarship and program expenses, $3.4M. Additionally, the favorable variance on Foundation operating expenses is mainly due to lower administrative and other operating expenses, $2.1M.

FIU Health Care Network Variance: Revenues $1.1M, Expenses $0.3M
Operating revenues are $1.1M higher than plan due to more than anticipated enrolled students in the Office of International Affairs (OIA) programs; FIU was able to offer remote learning to additional students from other states whose clinical sites were closed.

Expenses are $0.3M lower than budget due to savings in vacant positions in the Office of International Affairs (OIA) programs and Management Services Organization.

FIU Research Foundation Variance: Revenues $0M, Expenses $0M
Operating revenues are on target.

Expenses are below budget due to lower than anticipated charges for accounting, audit, and tax services, $2K.

Net Investment Returns: $98.9M
Financial Highlights:

University Treasury investments fiscal year-to-date returns are 8.3 percent or $33.9M. Investment revenues net of operating expenses of $32.3M, $22.4M above plan, are comprised of $12.3M of investment earnings, $21.6M of unrealized gains, and Treasury operating expenses of $1.6M.

Additionally, there is $2.1M, $1.9M above plan, of investment income and unrealized gains in Contracts & Grants related to a National Institutes of Health grant invested as an endowment with the Foundation.

Foundation investments fiscal year-to-date gains are at 30.0 percent or $90.4M, generating a favorable variance of $74.5M. Investment returns for the full fiscal year were budgeted at 6.0 percent, or $15.9M.

**Principal Payments of Debt: $-0.1M**

Principal payments of debt are slightly higher than budgeted, mainly due to the payoff of the remaining balance on the MRI machine.

Notes:

1. The financials presented above reflect the state budgeting methodology which differs from full accrual financial statements. The following have the most significant impact:
   - Depreciation of Assets: For budgeting purposes equipment purchases are fully expensed in their acquisition year, therefore depreciation is not included in the budget.
   - Unrealized gains and losses: The investment gains / losses are recognized as revenues in the budget however GASB accounting principles require that it be recorded as a non-operating revenue / expense.

2. E&G revenues include State Funding and Tuition and are net of waivers, uncollectible amounts and 30 percent Financial Aid need-based amounts per Florida Board of Governors (BOG) regulation. Any differences between E&G Revenues and Expenses will be funded from prior year balances carried forward.

3. Interfund transfers have been included resulting in higher revenues and expenses by fund allowing for an individual fund performance analysis. The interfund adjustments eliminate this double counting. However, interfund transactions such as tuition funded by scholarships and auxiliary services provided to other units have not been eliminated. Since revenues and expenses are equal, the interfund adjustments are the same for both.

4. Principal payment of debt reflected above per Florida Board of Governors (BOG) requirement that debt service payments be shown on a cash basis.

- Year-to-date Net Income excluding debt service interest and principal was $3,550M.
  - Primary drivers include:
    - Revenues down YTD due to the loss of two guarantee games resulting from the COVID 19 pandemic, as well as lower than budget Conference distributions.
    - Expenses lower than budget due to cancelled games and Athletics efforts in maintaining costs low due to lower revenues expected.
- The debt coverage covenant requirement was met for the period ending June 30, 2021.

Spring 2021 continued the combination of remote and limited face-to-face courses, and a phased remote working environment resulting in a noticeable positive shift in on-campus population. Food venue capacity continued to hold steady at 27%-32% as the physical presence on campus shifted from mid-spring 2021 to early summer based on dining ticket counts. This upward trend falls short compared to spring 2020. Nonetheless, the Office of Business Services (OBS) continues to compare traffic counts to pre-pandemic times during this fluid situation and continues opening additional venues and services and expanding hours of operation. In the fourth quarter, additional venues opened in time for the start of summer A.

Repopulation Taskforce
All business partners repopulated successfully on plans submitted based on county guidelines and approval by the Repopulation Taskforce. OBS continues to monitor compliance of the COVID-19 guidelines for all our business partners.

OBS Marketing
OBS Marketing continues updating its webpage for all ShopFIU in-person and remote services (https://shop.fiu.edu). This one-stop-shop has information for meal plan credits; business partner venue hours; obtaining PPE on campus; course materials and more. Additionally, the OBS Marketing team is gearing up for increased activations planned for summer including graduations, orientations, Panther camps, and the re-opening of additional venues.

Construction Update
Most construction projects were completed by the Spring 2021 term. These enhancements include Jamba Juice, Pollo Tropical, Subway, Café Bustelo, the new Pincho Factory, and the Chili’s outside patio renovation with a walkway to SASC. Starbucks M.A.N.G.O. and Biscayne Bay Campus (BBC) Glenn Hubert Library refreshes now include expanded menu offerings from the investment in new equipment and furniture.

The BBC community eagerly awaits the opening of the new Chick-Fil-A venue as well as the new Vicky Café in AHCl. Equipment installation and inspections are expected to be completed this summer. At the Modesto A. Maidique Campus (MMC), the Sergio’s renovation will include an expanded menu, and Cabana, a unique Caribbean concept developed for FIU, and will be completed over the summer.
OBS oversees 60 food and retail venues, beverage, and snack vending, FIU One Card program, fleet services, multi-use facilities, property management and advertising. Detailed information for all services, including hours of operation, may be found at shop.fiu.edu and on the FIU Mobile App under the “Places” link.

Operating Revenues by Business Segment ($7.84M)
For the period ended June 30, 2021 (in $000s)

Revenue: Through the fourth quarter ended June 30, 2021, OBS managed sales operations of $16.1M, representing $7.84M in revenue and support to FIU and includes a $2.8M allocation of HERRF Lost Revenue Recovery funds due to the COVID-19 pandemic for FY 19-20 and FY 20-21.
Chartwells continues to provide an excellent and safe food operation for the on-campus population. Venues that have remained open are 8th Street Kitchen, Breezeway, BBC Roary’s Bay Café, and local venues such as Crepe King, Almazar, Tropical Smoothie, and Miro’s. Additional dining favorites reopened including Chick Fil A in PG-5, Pollo Tropical in the Graham Center, Panda Express in M.A.N.G.O. and Vicky Café in the Frost Art Museum.

Food Services sales of $5.4M generated revenue to FIU of $3.0M, comprised of $0.6M in commissions and $2.4M in HEERF recovery allocation of COVID-19 related OBS lost revenue. Before the recovery allocation, the commissions shortfall was -$1.6M from plan and -$1.3M from prior year. This volume-driven variance is mainly due to the temporary closure of food venues because of the reduced on-campus population. OBS continues to work with Chartwells to re-open additional venues in time for fall 2021.

Bookstore sales of $7.2M generated revenue to FIU of $1.5M, comprised of $1.0M in commissions and support, and $0.5M in HEERF recovery allocation of COVID-19 related OBS lost revenue. Throughout the spring, students could conveniently purchase course materials online or order for pick-up at MMC. Full services offered at MMC included online sales and curbside pick-ups to ensure customer safety. BBC bookstore re-opened at the start of summer A.

FIU Panther Book Pack
As part of the Textbook Affordability initiative, Barnes & Noble and FIU implemented the first-day opt-out program, known as the FIU Panther Book Pack. Our strong partnership and alignment in these initiatives will culminate this Fall with the launch of the largest and most affordable innovative access program in the nation, driving access achievement and affordability for undergraduate students.

Students save between 30-50% on print and digital course materials each term. Access is automatically received to course materials on-or-before the first day of class. A fixed per-credit-hour charge of $20 is applied as a course charge. For example, a fifteen-credit course load results in a $300 flat rate, providing significant student savings. If a student does not wish to participate, they may opt-out by the add/drop period and not have the charge applied. Once implemented,
FIU will be the first in the Florida State University System to launch such an immense affordability measure for its undergraduate population. For more information visit https://shop.fiu.edu/bookpack-2.

**VENDING**

Vending sales of $300K generated revenue and support to FIU of $800K comprised of $100K in commissions and support, and $700K in HERRF allocation of COVID-19 related OBS lost revenue. The vending sales shortfall will also affect FIU’s concession fund which is used for initiatives such as student-sponsored and University-wide events. FIU will be funding next year’s commitments from the accumulated fund balance in the concession fund.

**Pepsi Co.**
Beverage vending sales commissions of $60K trailed behind plan and prior year by -61% and -67%, respectively. There are 137 machines across MMC, BBC, and the Engineering Center (EC). Annual case volume contractual thresholds were not met this year thereby reducing annual pouring rights by -85%. This shortfall was replenished by the HERRF lost revenue recovery allocation in the fourth quarter.

**Right Choice**
Snack vending sales commissions of $38K trailed behind plan and prior year by -69% and -78%, respectively. There are 101 snack vending machines across MMC, BBC, and EC.

**RETAIL OPERATIONS**

Retail operations sales of $800K generated commissions of $42K, while license fees, sale of services, and support revenue were $1.1M. This combined retail revenue of $1.15M was ahead of plan by 4% and down from the prior year by -1%, mainly due to sales shortfall affecting commissions.

Rental income of $1.0M is 3% ahead of plan and 1% from prior year, mainly from contract renewals. OBS manages 18 internal and external users across MMC and BBC and continues exploring opportunities in PG-6 for expansion.

Commissions from retailers of $42K trail behind plan and prior year by -42% and -71%, respectively, as a direct result of the pandemic and FIU’s need to transition to remote learning and work environments.

Through the fourth quarter ended June 30, 2021, $16.1M in sales generated revenue and support to FIU of $7.83M and includes a one-time HERRF allocation for OBS COVID-19 related loss of revenue of $2.8M. The FY 18-19 food services revenue includes a one-time signing bonus of $2.3M and one-time overhang reimbursement of $2.96M.

EMERGENCY MANAGEMENT STATUS REPORT AS OF AUGUST 3, 2021

Report (For Information Only – no action required)

FIU Alert Emergency Notification System Test

The fall test of FIU Alert will be conducted in the beginning of September 2021 and a summary report will be provided in the next report.
Projects Completed

- **BBC Aquatic Center Pool Repairs (BT-928) Minor Project FM# 180321 (Phase 2)** - $2.2M CITF and Auxiliary funded project budget split in two phases: Phase 1 ($1.1M); Phase 2 ($973K). CITF funding: $2M; Auxiliary funding: $173K. A/E – Alleguez Architecture; CM – Thornton Construction. All Phase 2 work is complete. After the deck resurfacing work was finished, minor cracks and water leaks were discovered in several areas on the upper diving well deck and lower swimming pool deck. The pool was released to the CM on March 15, 2021 and initial crack repairs were completed on April 16, 2021. New leaks on the upper diving well deck and around the pool light fixtures required additional repair and waterproofing, which were completed on June 16, 2021. Additional minor leaks were subsequently discovered in the filter pit and diving well, and those repairs were completed on July 23, 2021. (Since this project has been completed, this entry will be removed from future Board of Trustees reports).

Projects under Construction

- **PG-5 Emergency Operations Center Expansion (BT-923)** - $8.3M E&G-CF, Auxiliary, and Treasury funded project budget. A/E – PGAL; CM – Biltmore. The expansion will add 10,669 square feet of occupied space and renovate 2,140 square feet on the second floor of PG-5 adjacent to the existing space utilized by FIU Police and Emergency Management to provide a large emergency operations center, food storage, service operation areas, equipment storage, offices, conference rooms, and meeting breakout rooms. The renovated space will be reconfigured to provide a locker room, showers, laundry service space, and offices that are needed during emergency events. Ground floor work is complete with only punch list items remaining. On the second floor, fire sprinkler work was completed on August 6, 2021. Drop ceiling installation and flooring started the second week of August with furniture installation scheduled to follow flooring installation. A Temporary Certificate of Occupancy (TCO) is contingent on passing the final State Fire Marshall
inspection scheduled for the week of August 23, 2021. FIU Media is scheduled to complete installation of AV equipment mid-September when substantial completion of the project will be achieved. Delivery date: September 2021.

- **Tamiami Hall (formerly Parkview II Housing) (BT-892)** - $91.4M project consisting of $87.5M bond proceed and Housing Auxiliary funding for the building, $3.9M Auxiliary Shared Services Fee for road and utility relocation, and $3.0M in FY21-22 CITF funding allocated to the Promenade. A/E – Perkins+Will (P+W); CM – Moss & Associates. The project includes construction of a new 697 private bedroom style residence hall on the Modesto A. Maidique campus (MMC). Precast panel erection and curtainwall glazing is complete. Punch windows are 70% complete and drywall installation has begun in areas of the building where window installation is complete. FPL has installed their transformers and secondary cabinets and is now pulling cable into the building’s electrical room. Chilled water pipe installation and pressure testing will be completed by mid-August. With building power also finishing in August, conditioned air in the building is scheduled for early September. Work for site drainage and relocation of SW 17th Street began on August 2, 2021. $3.0M in FY21-22 CITF funding has been allocated for the Tamiami Hall Promenade. FIU has provided design comments and guidance to P+W in response to the conceptual schematic submittal. Delivery date: April 2022.

- **School of International and Public Affairs (SIPA) Phase II (BT-887)** - $41.33M project consisting of $12,701,439 PECO funding, $15,250,000 private donation, $5,534,299 FIU Online contribution, $2M portion of Ferré gift, and $900,000 E&G CF (current shortfall: $4,947,273 to be raised with additional private donations.) A/E – Harvard Jolly; CM – Thornton Construction. The project includes classrooms, conference facilities, offices, language and technology labs, negotiation and mediation facilities, experimental teaching space for SIPA, and offices, student technical support spaces, and E-SPORT Gaming for FIU Online. PECO funding for the project was received in June 2017 with the condition that all private funds be expended before any PECO monies. The Green Family Foundation accelerated its $15M donation, completing the full amount in December 2018. In February 2021, the Ferré Family Foundation committed to a $5,500,000 donation to establish the Maurice A. Ferré Institute for Civic Leadership which would include the Maurice A. Ferré Reading Room. $2.0M of the $5.5M donation is earmarked for construction. The final program was approved July 24, 2018, for an 84,858 gsf building, encompassing 48,445 gsf of built-out space (57%), including 14,563 gsf for FIU Online, leaving 36,413 gsf of shell space (43%) for future build-out when the additional $4.95M in private funding is raised. The CM stipulated that funding to complete the build-out of the 4th and 5th floors had to have been received no later than June 2021 to avoid impacting the construction schedule and any cost escalation. Current market conditions have increased the construction cost of the 4th and 5th floor build-out by approximately 40%, resulting in a total project cost increase of $1,913,011 and a total project deficit of...
$4,947,273. Structural shell work continues with 4th floor precast concrete joists, concrete columns, and sheer walls under construction. Concrete placement to form the 5th floor deck began the week of August 9, 2021. Physical connection of the new structure to SIPA I is scheduled for early October 2021. Delivery date: June 2022.

- **International Center for Tropical Botany (ICTB) (BT-914) at The Kampong** - $6.76M project consisting of $5.96M in private donations and $800k in CASE Auxiliary funds. CASE Auxiliary Funds will front $1.8M in donations including the $1.0M Millard gift. A/E – MC Harry; CM – Thornton Construction. The project will construct a new 16,553 gsf facility on a site immediately adjacent to the National Tropical Botanical Garden (NTBG) property in Coconut Grove to house educational, lab, and office spaces. The project was delayed for four (4) years as FIU negotiated with the City of Miami and neighbors on the terms of the warrant application and restrictive covenant agreement. One of the concerns with a four (4) year delay is the cost increase to the project. After achieving final agreement in October 2019, FIU resumed the design process. The 95% construction documents were received on June 22, 2020 with an addendum issued on August 18, 2020. The final GMP from Thornton was submitted on November 17, 2020 for $5,490,354 and the CM agreement amendment incorporating the GMP was executed on January 22, 2021. This is approximately $800K over the original $4,769,084 construction budget established in April 2017. The second-floor slab was poured in mid-July and CMU block infill is in progress on the second floor. Roof framing will start in late August. Permanent power to the building is scheduled for early October. The next $350K Millard gift installment will be released in early October when the building shell is complete. Delivery date: March 2022.

**Projects in Design**

- **CasaCuba (BT-925)** - $34.3M project (increasing to $48.8M after including the $14.5M required maintenance endowment) based on private donations, and other philanthropic sources such as a $750K National Endowment for the Humanities grant, and a $2M Knight Foundation grant ($800K received to date); $4,042,890 raised to date. A/E – Rene Gonzalez & Associates (RGA); CM – TBD. The project will build a 63,477 gsf facility at the SW 16th Street entrance to MMC, including 40,000 gsf of auditorium and exhibition space; 5,500 gsf of classrooms; 5,600 gsf of teaching and research labs; and 12,000 gsf of office, computer, and campus support space. The project will create a dynamic center hosting open lectures, academic conferences, digital exhibits and research presentations, engaging museums, historical societies, and other academic and cultural institutions through meaningful partnerships. CasaCuba will help preserve and showcase FIU’s wealth of Cuba-related intellectual and cultural resources for the benefit of the community, with a special emphasis on sharing and expanding its notable Cuba Collections. RGA continues to refine their
conceptual schematic design to bring the concept within program scope and budget as they proceed into advanced schematic design. A revised schedule for design deliverables is pending from the architect. Delivery date for 100% Design Development drawings: TBD.

- **Engineering Building (Phase I) (BT-919)** - $48,407,641 project consisting of $38,907,641 in PECO funding, and $9.5M in unrestricted Treasury Auxiliary funds for a sixth floor, requiring an estimated additional $15M to fully complete shell space. Total program space of 109,531 gsf with current design at 120,695 gsf (10% difference) A/E – Perkins+Will; CM – DPR Construction. The project is interdisciplinary focused on biomedical engineering covering the nexus of engineering, academic health sciences, computer science and robotics. It will construct a new 120,695 gsf engineering building at MMC that includes classrooms, teaching labs, study space, research labs, offices, and computer and instructional media spaces. The building will have 70% shell space intended to be built-out with private fundraising and sponsored research grant funding. The revised conceptual schematic design incorporating a sixth floor dedicated to sponsored research is still under review. Initial cost projections by the A/E and CM reveal the project is approximately $12.4M - $13.8M over budget due to additional design elements and construction market cost escalation. The CM and A/E continue to refine the design and explore alternatives to bring the concept as close as possible to the budget. Meetings with the users have begun to revisit the program and consolidate program scope where possible. Building completion and occupancy TBD.

- **University City Prosperity Project (UCPP) (BT-904)** - $14.9M TIGER Grant project budget; multiple funding sources. A/E – BCC Engineering; Builder – TBD. FIU has received $9.5M from builder’s risk and surety insurance companies as part of the settlement agreement, and $3,288,582 of expired 2013 TIGER funds have been restored for use through 2024 by the Further Consolidated Appropriations Act, 2020. On May 5, 2020, FDOT formally notified FHWA that it accepts FIU’s request that FDOT manage the design and construction of a new FIU pedestrian bridge. In that letter, FDOT confirmed that Governor DeSantis lifted the hold on the use of TIGER grant funds for use on the new bridge project. MCM is waiting for a final inspection from MDWASD for permit closure after receiving an approval letter from the City of Sweetwater on May 13, 2021 to close the permit. Roadway concrete restoration work was completed on September 8, 2020 and inspected by FDOT. Asphalt restoration work is on hold pending the FDOT decision to defer the work as part of the new bridge project. Regrading and installation of riprap along the canal bank was completed on May 7, 2021 and a new as-built survey of the canal was submitted to SFWMD on July 1, 2021. BCC was released to start design of the new bridge on April 7, 2021 and the 30% design submittal is due August 18, 2021. Per the agreement with FDOT, BCC provided construction documents on June 18, 2021 for demolition of the existing plaza structures. A schedule review meeting was held on August 4, 2021 with
BCC and Lee Construction, the general contractor selected to perform the demolition work, to review schedule and coordinate the work. Public communication is being coordinated with FDOT. Along with the canal improvements, this will allow for closure of the SFWMD and USACE permits. FDOT projects the start of construction on the new bridge in July 2023 and completion in July 2024.

Projects in Planning Stage

- **Hotel, Conference and Alumni Center** – Public-Private Partnership (P3) project. Developer/Operator – Concord Benchmark, LLC; Architect – Rabun Architects; CM – Moss Construction. The Florida Board of Governors (BOG) approved the project on March 27, 2019. Award to the successful Invitation to Negotiate (ITN) respondent (Concord Benchmark) is complete with the successful finalization of Development, Operating and Sublease agreements. The agreements were signed by the developer on June 1, 2021; BTIITF approved the sublease on August 11, 2021. FIU executed the contractual documents on August 12, 2021. With these milestones completed, the developer will initiate the due diligence and financing processes, design and construction. Construction is projected to begin August 2022. Delivery date: August 2024.

- **Primera Casa Hardening Project (FM 18-0351)** - $3,618,929 project consisting of a $2,714,197 FEMA Hazard Mitigation Grant (HMGP) award and $904,732 BOT Carryforward Reserve funding as cost share. A/E – TBD; CM – TBD. The project will replace 17,350 SF of windows and 200 SF of doors and louvers at PC with current code-compliant, impact resistant assemblies. The project will also harden the existing roof by replacing 2,450 LF of edge nailers and flashing, 2,689 SF of roofing, doors, and skylights on 4 stairwell roof enclosures, and replace 2,800 LF of lightning protection on the roof parapet. Existing rooftop HVAC equipment will also be reinforced with new tie-down cables. FIU has been awarded the grant and has signed the Federally Funded Subaward and Grant Agreement from the Florida Division of Emergency Management (FDEM). The agreement was sent to FDEM on January 8, 2021 for execution and the final, fully executed copy was received on April 29, 2021. The project program was approved on March 29, 2021 and A/E firms were short-listed on June 29, 2021. A/E selection is scheduled for September 1, 2021. Requirements of the grant agreement allow for a qualifications-based competitive selection of the architect but require a low-bid competitive selection of the builder. However, federal procurement regulations allow for state-entities to use their own procurement processes. After a subsequent review of these regulations and contract terms, FIU’s General Counsel has determined FIU is free to follow its qualifications-based competitive selection process for Construction Managers. Delivery date: Per the FDEM agreement, the project must achieve final completion when the period of performance ends September 30, 2023.
- **Graham Center Expansion (BT-921)** - $35.9M CITF funded project. A/E – TBD; CM – TBD. The project initially envisioned a 69,400 gsf expansion, increasing the current ballroom footprint and adding breakout rooms, green rooms, lounges, and storage space. The highlight was to be a new and larger grand ballroom facility to meet current and projected needs. To date, $23,304,196 in CITF funding has been received, including the entire FY20-21 CITF funding allocation of $7,002,807. $500K of the FY21-22 CITF allocation will also be added to the budget. The coronavirus pandemic, however, triggered a reconsideration of the program and a reassessment of the most effective use of CITF funds. Delivery date: TBD.

- **PG-6 Classroom and Retail Expansion (BT-924)** - $3.7M Auxiliary funded preliminary project budget. A/E – MCHarry; CM – TBD. The project will convert 15,425 gsf of parking garage space in PG-6 to weather-tight conditioned space for 6,635 sf of circulation area, 1,435 sf of unfinished retail space to support the future Miami-Dade County bus terminal, 935 sf of restrooms and 930 sf of storage, with 5,490 sf of space to be assigned. 100% construction documents were completed through a previous minor project. The project has been re-scoped to focus on the immediate known requirements for the future Miami-Dade County bus terminal: the rest rooms and the central access corridor. Future needs for research space and retail will be addressed separately once requirements are better defined. Progress on development of the construction project is contingent on successful negotiation of the agreement with Miami-Dade County. Negotiations continue with a recent draft submitted by the county now under FIU review. Delivery date: TBD. *(No change from previous report).*

- **Trish and Dan Bell Chapel (BT-927) / East Loop Road Realignment (BT-929)** - $15.44M combined preliminary project budget consisting of $9.0M in private funds dedicated to the chapel; $3.44M in unrestricted Treasury Auxiliary Fund balances and $3.0M in CITF funds for roadway realignment. A/E – TBD; CM – TBD. The project will build a multi-faith chapel on MMC on S.W. 14th Street, northwest of the Ronald W. Reagan Presidential House. The chapel will accommodate the plurality of faiths and perspectives at FIU and serve as a multi-faith gathering place for worship, contemplation, spiritual strengthening, and mutual understanding. Initial program requirements are for the chapel to hold up to 250 people and include meeting space for students and leaders in FIU’s multi-faith community as well as those teaching spiritual/religious subjects. The program committee was finalized on June 4, 2019 and the final program was completed and signed on December 6, 2019. The first installment of $500K from the $5M Bell family gift was received at the end of February. Proceeding to the design phase is dependent upon a fully funded and executed East Loop Realignment (BT-929) project to create the required space at the site for the chapel, which necessitated combining both projects. The road portion of the new, combined project will realign part of the loop road to enhance traffic flow and...
improve turning radii for large vehicles servicing the Graham Center. This project will create a larger available site area east of the Graham Center Ballrooms for expansion of the Graham Center as well as bus and VIP pick up and drop off access during Graham Center events. The program for the road was approved and signed on April 16, 2020. The selection committee for the architect has been approved and the formal advertisement was posted on March 31, 2021. Architect submissions were received on April 8, 2021 and candidates were shortlisted on June 15, 2021. Architect interviews are scheduled for August 25, 2021. Delivery date: TBD.

*Summary of Revenues and Expenses reflects revenues on a cash basis and expenses on an accrual basis.*

1. The favorable variance of $45.1 million in cash contributions were gifts mainly from the Robert Stempel College of Public Health and Social Work, College of Communication, Architecture + The Arts, University Wide, and College of Business.
2. The favorable variance of $74.5 million in investment returns is based on an actual return for the fiscal year as of January 1, 2021 versus a budgeted rate of return for the fiscal year of 6.0%.
3. The unfavorable variance of $5.6 million in Scholarships & Programs is a result of greater support provided to the University programs as a result of greater cash contributions during the year.
4. The favorable variance of $9.0 million in Building Funds is a result of projects being delayed.
5. The favorable variance of $1.7 million in Administrative Operating Expenses was a result of the continued impacts of COVID 19, such as changes to the format of scheduled meetings/events, travel savings, and salary savings during delays in hiring.

SAFETY AND ENVIRONMENTAL COMPLIANCE REPORT AS OF AUGUST 09, 2021

Report (For Information Only – no action required)

There are no issues to report in this quarter
OVERVIEW
The University’s total liquidity position of $482.6 million was 2.6 times the University’s debt position of $187.5 million at the end of FY 2021 4Q. Including direct support organizations (“DSOs”), for a total debt of $212.9 million, the liquidity to total debt ratio was 2.3 times. These results are lower compared to the end of FY 2020 4Q, where the liquidity to University debt and the liquidity to total debt ratios were 3.2 times and 2.6 times, respectively. The lower results are due to the issuance of $71.8M for the 2020A Housing Bonds.

LIQUIDITY
Real Days Payable
At the end of FY 2021 4Q, $409.8 million, or 84.9 percent, of the liquidity position was accessible within 5 business days (see Liquidity Allocation chart for detail). This compares to $356.3 million, or 85.1 percent at the end of the same period in the prior year. At the end of FYTD 2021 4Q, the University had 83 real days payable (“RDP”) versus 77 RDP at the end of FYTD 2020 4Q. The increase in RDP was due to the solid performance of the portfolio over the trailing 1-year period and the increase in net cash flows.

Sources
The University started the fiscal year with $195.4 million in cash balances. Total FYTD 2021 4Q inflows (state and operational) were $1,318.0 million as compared to $1,268.3 Million for FYTD 2020 4Q. On average, $5.0 million flowed into the University each business day in FYTD 2021 4Q and $4.8 million in FYTD 2020 4Q.

1 Real Days Payable represents the available balance of liquid funds divided by the average cash outflows of the University. The calculation uses the available balance in the University’s bank accounts plus the market value of investments that are accessible within 5 business days as its balance of liquid funds.
2 Cash includes Working Capital Pool assets and cash balances in the concentration bank account.
**Uses**

FYTD 2021 4Q, the University used $1,293.1 million as compared to $1,242.0 million in the same period last fiscal year. The FYTD 2021 4Q velocity cash outflow was $5.0 million per day and $4.7 million in FYTD 2020 4Q. The University ended FY 2021 4Q with $220.3 million in cash balances.

**Stress Tests/Performance Simulations**

The University Office of the Treasurer (“Treasury”) analyzes the effect of negative market performance on its liquidity position through both value-at-risk (VAR) analysis and Monte Carlo simulation analyses.

VAR analysis, completed quarterly, estimates the maximum potential loss during a specific time period at a given level of confidence. VAR uses the historical behavior of each asset class over various time horizons (five years, ten years, full history). Our VAR analysis predicts that there is a five percent probability that the portfolio (as of the FYTD 2021 4Q ending balance) could have unrealized losses of up to $15.8 million and one percent probability of up to $27.4 million of unrealized losses within a twelve-month period.

The University conducts monthly performance simulations of the portfolio under various market scenarios. At the end of FY 2021 4Q, a 100 bps rise in the 10 year Treasury Bond rate would result in a $4.7 million (1.0 percent) unrealized gain. Liquidity, as measured by 5-day accessibility, would decrease to 74.5 percent, or $366.7 million, of the total available cash and investment balances. RDP would fall to 74 days based on current fiscal year outflows.

A 25 percent decline in the equity markets would result in a -$10.6 million (-2.3 percent) unrealized loss. Liquidity, as measured by 5-days accessibility, would decrease slightly to $407.8 million or 88.4 percent of the total available cash and investment balances. RDP would drop slightly to 82 days based on fiscal year outflows in this stress scenario.

Bottom decile of overall portfolio performance would result in a -$8.9 million (-1.9 percent) unrealized loss. Liquidity, as measured by 5-day accessibility would drop to $358.9 million or 77.2 percent of the total available balances. Furthermore, RDP would drop to 72 days.

1980 Stagflation scenario with inflation of 14 percent and GDP shrinkage of -1.5 percent would result in a -$15.5 million (-3.4 percent) unrealized loss. Liquidity, as measured by 5-days accessibility, would drop to $351.0 million or 77.7 percent. RDP would drop to 71 days.

**Forecast and Budget**

Actual balances at the end of FY 2021 4Q were 6.1 percent higher than the rolling forecast, 23.1 percent higher than the budget, and 11.9 percent higher than prior year. For the next quarter, the University should experience an increase in net cash flow as the Fall tuition payments are received.

**INVESTMENTS**

**Composition**

Asset allocations at the end of FY 2021 4Q remained within policy guidelines (See Asset Allocation chart for quarter end detail).
At the end of FY 2021 4Q, the market value of the University’s operating funds portfolio and cash was $482.6 million. This balance reflects an increase of $40.5 million or 9.2 percent, from the previous quarter. The increase mostly reflects the quarter-to-quarter seasonal increase in net cash flows. The total portfolio market value was $51.2 million or 11.9 percent higher, than the market value at the end of FY 2020 4Q. The increase was due to solid investment performance in the trailing 1 year period and positive cash flows.

Performance
FIU’s operating portfolio continues to outperform the State Treasury investment pool (“SPIA”), returning 4.4 percent since inception versus the SPIA’s 2.5 percent for the same period. At the end of FYTD 2021 4Q, the portfolio returned 8.3 percent. This compares favorably to a 4.2 percent return at the end of FYTD 2020 4Q. The Strategic Capital and Reserve Pools returned 14.0 percent while the Working Capital Pool gained 0.3 percent. Returns from the SPIA totaled 1.8 percent at the end of FYTD 2021 4Q (see FY Performance vs. Benchmarks chart for additional performance detail by asset class).

The Working Capital Pool and the Strategic and Reserve Pools were each higher than their respective benchmarks. All asset classes were either higher or in line with their benchmarks with the exception of the Absolute Return position. The Equity asset class significantly outperformed in real and nominal terms. The outperformance was due to the portfolio’s investments in the private markets and small cap equities.

DEBT
Total Outstanding
The University and DSOs ended FY 2021 4Q with $212.9 million in outstanding debt versus $163.4 million at the end of FY 2020 4Q. The weighted average interest rate for the University and DSO issuances was 3.8 percent versus 4.2 percent in the same period last year. The increase in outstanding debt was due to the issuance of $71.8 million for the Parkview II housing project.

Bond Refunding
The University and the Athletics Finance Corporation (AFC), has refunded/modified all eligible outstanding bond series. The refundings/modification are projected to save the University and AFC $27.5 million in interest expense over the term of the issuances. As of June 30, 2021, $5.4 million of interest savings have been realized from the refunding/modification activities. The University and AFC saved $0.9 million in interest expense in Fiscal Year 2021. The University expects to save $1.0 million in FY 2022 and $7.7 million over the next 5 years.
