Subject: Update Regarding Previously Approved Student Residence Facility Program and Total Project Cost at Modesto A. Maidique Campus

Proposed Action:

The Florida International University Board of Trustees delegation to Board Chair and Vice Chair to finalize the student residence facility programming (e.g., number of beds), total project cost, resubmit all required documentation to the Florida Board of Governors and Division of Bond Finance, and execute all required documents associated with the student residence facility on behalf of the FIU Board of Trustees.

Background Information:

On February 29, 2024, the Department of Housing and Residential Life of the Division of Student Affairs submitted a proposal for financing and construction of a new student residence facility on the Modesto A. Maidique campus (the “Project”). The Project would be constructed as a suite-style residence hall with 816 beds.

As approved, the total Project construction cost was estimated to be \$184.5 million, with up to a \$20,000,000 cash contribution from the Housing system reserves.

FIU Administration submitted the Project to the Florida Board of Governors for upcoming approval and continues to evaluate construction cost estimates. As a result of further analysis, the Administration has determined that the expected construction cost may be lower than initially projected and may allow for a larger Project with minimal impact on the Housing Auxiliary operations.

The Administration recommends that the FIU Board of Trustees delegate authority to the Board Chair and Vice Chair to finalize the student residence facility programming and total cost for the Project, provide Board approvals for a final program, total Project cost, and request the Florida Board of Governors and Division of Bond Finance to issue fixed rate revenue bonds to finance the Project, capitalized interest, fund a debt service reserve fund, if necessary, and pay costs of issuing the Bonds based on the updated applicable total Project cost and up to a \$20,000,000 cash contribution from the Housing system reserves.

This request is consistent with the Florida Board of Governors Debt Management Guidelines dated September 14, 2022; Sections 1010.62 of the Florida Statutes; and Article IX, Section 7, Florida Constitution.
