THE FLORIDA INTERNATIONAL UNIVERSITY
BOARD OF TRUSTEES
September 14, 2023

Subject: Approval of Self-supporting and Market Tuition Rate College-Credit Programs
Annual Reports for 2021-22 and 2022-23

Proposed Board Action:
Approval of the Florida International University (FIU) Self-supporting and Market Tuition Rate
College-Credit Programs Annual Report for 2021-22 and 2022-23 in accordance with State University
System of Florida Board of Governors (BOG) Regulation 8.002(4)(c) Self-supporting and Market Tuition
Rate Program and Course Offerings.

Background Information:
On November 11, 2022, the BOG amended Regulation 8.002 and now requires BOT approval prior
to submission of the Annual Report. The Annual Report must include, at a minimum, the following
information:

1. The CIP Code and complete name of each program under which each self-supporting and market tuition rate
   education program is operating. Additionally, all program majors as defined in Board of Governors Regulation
   8.011 must be identified.
2. The approval dates for each program's tuition from the university board of trustees and Board of Governors.
3. The approved tuition and fees for each program, including costs per credit hour and any additional fees, such
   that the total cost to the student for each program may be calculated.
4. The revenues and expenditures for each degree and major within a college-credit self-supporting or market tuition
   rate education program.
5. Other documentation to demonstrate compliance with this regulation as required.

The BOG has requested submission of this report by October 1, 2023; documentation of the BOT
approval must also be submitted.

In 2021-22, there were 74 programs with enrollment totaling 6,812 students with revenues of
$80,744,553 and expenditures of $74,883,049. Of these 74 programs, Market Tuition Rate and Self-
supporting programs totaled 30 and 44, respectively.

In 2022-23, there were 76 programs with enrollment totaling 6,596 students with revenues of
$68,856,468 and expenditures of $72,631,696. Of these 76 programs, Market Tuition Rate and Self-
supporting programs totaled 30 and 46, respectively.

Subject: Approval of a Fourth Lease Amendment (the “Amendment”) with BP Land Holdings, LLC to negotiate a change to the overall terms of the original lease for the National Forensic Science Technology Center (“NFSTC”), located at 8285 Bryan Dairy Road, Suite 125 Largo, Florida.

Proposed Board Action:
Approve the delegation of authority to the University President, or his designee, to (1) negotiate the Amendment; and (2) execute the Amendment on behalf of the University, and such other documents that may be necessary to effectuate the transactions contemplated therein for NFSTC.

Background Information
The primary mission of the NFSTC is to accelerate preeminence by inspiring innovation, service, and research around the world. NFSTC has demonstrated proven success in the innovation and growth of research in support of this mission. Since the acquisition of the NFSTC by FIU in December 2017, the NFSTC has received $50.4M in research awards which generates about $3.6M indirect revenue annually. The NFSTC currently occupies 133,718 sf of research space in Largo Florida, of which 44,307 sf is subleased or licensed to private companies and governmental agencies that collaborate with FIU on the forensic research activities done within the facility. The existing term of the lease agreement ends in April 2024, but includes two five-year renewal terms. FIU seeks to renegotiate more favorable terms in the lease agreement, as follows:

1) Extend the lease term by two years to April 30, 2026.

2) Convert the two five-year renewal options to four two-year renewal options. The proposed amendment will still cover a ten-year renewal period. The shorter and more frequent renewal terms will allow FIU to be nimbler in responding to the rent expense’s impact on NFSTC’s financial health.

3) Include the option, at Landlord’s discretion, during the first renewal period, to relocate a portion of NFSTC’s operations (41,452 sf) to an adjacent space owned by Landlord consisting of 79,114 sf with similar features and amenities. The relocation includes no charge of rent or CAM for the additional 37,662 square feet of space, a gift of the furniture and fixtures in Suite 250 and a moving and demising allowance of up to $250,000.00.

The potential increase in space would bring the total NFSTC space to 171,380 square feet, including 7,500 square feet of mezzanine. This footprint will allow the NFSTC to continue to meet the demands of current and future contract work activities and cross college/department collaborations and funding opportunities.

If the Landlord elects to relocate a portion of the NFSTC’s operations to the larger space, the monthly rent will remain unchanged and the rent per square foot will decrease. Base rent through
the end of the first renewal lease term will continue to escalate at 3% per annum and will be as follows:

<table>
<thead>
<tr>
<th>Dates</th>
<th>Monthly Rent</th>
</tr>
</thead>
<tbody>
<tr>
<td>May 1, 2024 – April 30, 2025</td>
<td>$176,445.09</td>
</tr>
<tr>
<td>May 1, 2025 – April 30, 2026</td>
<td>$181,738.44</td>
</tr>
</tbody>
</table>

Thereafter for each renewal option, rent escalation will continue to escalate at 3% per annum for a total rent expense of $16,045,911 over the ten-year period. This compares favorably to the average market price per square foot of $24.75 plus.

This request for BOT approval only applies to exercise the first two-year renewal option. BOT approval will be requested for the exercise of any future renewal options.

Base rent and operating costs to be covered by NFSTC through E&G funds, auxiliary, contracts funding and F&A

Subject: Proposed revisions to Finance and Facilities Committee Charter

Proposed Board Action:

Background Information
The Florida International University Board of Trustees (the BOT) Finance and Facilities Committee Charter states, in relevant part, that the Committee will:

The BOT Bylaws provide that each Committee shall have a written statement of purpose and primary responsibilities, or charter, as approved by the Board.

Board of Governors’ Regulation 1.001, University Board of Trustees Powers and Duties, (3)(b) states that each board of trustees may establish committees of the board to address matters, including, but not limited to, academic and student affairs, strategic planning, finance, audit, property acquisition and construction, personnel, and budgets.

Subject: Approval of 2023-24 Education and General Carryforward Spending Plan, Fixed Capital Outlay Budget, and Related Certification

Proposed Board Action:
Approval of the 2023-24 Florida International University (FIU) Education and General (E&G) expenditure plan for carryforward funds in accordance with State University System of Florida Board of Governors (BOG) Regulation 9.007 State University Operating Budgets and Florida Statute 1011.45 End of Year Balance of Funds; approval of the FIU Fixed Capital Outlay Budget in accordance with BOG Regulation 14.003; and authorize the University Chief Financial Officer to certify the unexpended amount of funds appropriated to the University from the General Revenue Fund, the Educational Enhancement Trust Fund, and the Education/General Student and Other Fees Trust Fund as of June 30, 2023 and the Fixed Capital Outlay budget; and authorize the University President to amend the Florida International University Board of Trustees (BOT) carryforward expenditure plan and fixed capital outlay budget as necessary and report to the BOT and BOG any amendments to the spending plans in a format prescribed by the Chancellor of the BOG.

Background Information:

Carryforward Spending Plan

Beginning in 1985, State University System (SUS) institutions received statutory authority to carry forward unexpended E&G funds in the current year operating budget and include these funds in the operating budget the following year. Carryforward fund balances are used for activities such as, but not limited to, student success, potential budget reductions, anticipated increases in university operations and prior-year encumbrances. During the 2019 legislative session, Section 1011.45, Florida Statutes, was amended to provide greater specificity on allowable expenditures from E&G carryforward fund balances and BOG Regulation 9.007 has been amended to reflect these changes. Authorized expenditures in an E&G Carryforward Spending Plan may include:

- Maintenance of a minimum carryforward balance of 7 percent (previously 5 percent) of the total E&G operating budget
- BOT approval of an expenditure plan for carryforward balances in excess of the 7 percent minimum
- BOG review and approval of the BOT carryforward expenditure plan
- Authorized expenditures in the E&G carryforward expenditure plan may include:
  - Commitment of funds to a PECO project that has received a prior appropriation in order to complete the project
  - Completion of a renovation, repair, or maintenance project
  - Replacement of a minor facility
  - Completion of a remodeling or infrastructure project that is survey recommended
Completion of a repair or replacement project necessary due to damage caused by a natural disaster for buildings

Operating expenditures that support the university mission

Any purpose specified by the Board, including funding dedicated to maintenance reserve escrow accounts, or in the General Appropriations Act

The E&G carryforward spending plan shall include the estimated cost per planned expenditure and a timeline for completion of the expenditure. Additionally, Section 1011.45 now requires the Chief Financial Officer of each university to certify annually, by September 30, the unexpended amount of funds appropriated to the university from the General Revenue Fund, the Educational Enhancement Trust Fund, and the Education/General Student and Other Fees Trust Fund as of June 30 of the previous year. Section 1011.45 also allows the university to spend the minimum carryforward balance of 7 percent if a demonstrated emergency exists and the plan is approved by the university’s Board of Trustees and the Board of Governors. In accordance with Section 1011.45 and BOG Regulation 9.007, any amendments to the approved E&G carryforward spending plan during the fiscal year shall be reported to the Board of Governors for a time period and in a format prescribed by the Chancellor of the Board of Governors.

The E&G carryforward fund balance as of July 1, 2023, net of accounts receivables, accounts payables, and deferred student tuition and fees, totals $82,796,673 for the University and $24,074,337 for the Herbert Wertheim College of Medicine (HWCOM). After the 7 percent statutory reserve of $44,390,458 for the University and $3,623,608 for HWCOM, and $2,018,505 of encumbrances for the University and $515,276 for HWCOM, the carryforward spending plans total $36,387,710 for the University and $19,935,453 for HWCOM.

Fixed Capital Outlay Projects

The 2023-24 Fixed Capital Outlay Budget includes both new projects as well as projects previously approved and authorized by the BOT and BOG where expenditures will take place in 2023-24.

New projects not previously included in prior year’s schedules include the following:

- Biscayne Bay Campus STAR Center Expansion and Renovation
- Honors College
- Modesto A. Maidique Campus Aquatic Center

- **Project Description:** Description of the project
- **Total Project Budget Allocation:** Anticipated hard and soft costs to complete the facility
